

# Tito Ordered To Free Yanks; U.S. May Use Fighter Ships

Washington, Aug. 22 (AP)—The United States is considering fighter plane protection for American transport planes which may have to pass near the Yugoslav border while flying the Austrian-Italian route, top diplomatic authorities reported today.

**48-Hour Ultimatum**  
By ALEX H. SINGLETON  
Washington, Aug. 22 (AP)—A 48-hour ultimatum to Yugoslavia ticked away today with the United States ready—if necessary—for a showdown involving the whole structure of world peace.

In a grave and angry indictment, this nation set tomorrow night as the deadline for the Soviet-backed Balkan state to (1) free imprisoned American airmen of one plane attacked by Yugoslav fighter craft, and (2) permit U. S. diplomats to investigate a second indictment of a plane shot down near Marshal Tito's summer home.

It warned that unless those "demands" are met within the time limit—roughly about 10 p.m., eastern standard time, Friday—the United States Government "will call upon the security council of the United Nations to meet promptly and to take appropriate action."

**Fear Slav Defiance**  
This would pose a clearcut test of the security council to function as an international agency for preserving peace in the face of veto powers held by the Big Five nations.

There were strong fears in American diplomatic quarters of possible Yugoslav defiance of the ultimatum—and with that possibility the chance that a Russian veto of security council action would have to be met.

But there was no American government reluctance to meet that challenge.

Even before somber-faced Yugoslav charge d'affaires Sergej Makiedo was handed the note late yesterday, Secretary of State Byrnes in Paris ordered under Secretary Acheson to begin preparing the American case and to be ready to present it personally to the security council.

**Used Red Planes—?**  
By GEORGE PALMER  
Belgrade, Yugoslavia, Aug. 22 (AP)—U. S. Ambassador Richard C. Patterson set out by plane for Marshal Tito's headquarters near the Austrian border today to deliver the United States ultimatum demanding release of American fliers within 48 hours.

A well-informed military source said Yugoslav attacks on two unarmed American transports, which gave rise to the stiff State Department demand, apparently were made in Russian-manufactured Stormovik fighter planes.

Tito summoned his No. 1 foreign relations expert, Gen. Vladimir Velebit, to be present at the meeting at Bled. With Velebit, Yugoslavia's Deputy Foreign Minister, went Mirko Bruner, a foreign office secretary. Velebit attended the San Francisco conference and is regarded as the Yugoslav chieftain's top personal advisor on foreign affairs.

Two U. S. Graves Registration representatives, First Lt. Charles O. Provov and Private George Demasi, went in Patterson's plane.

**Seek Yank Bodies**  
Provov and Demasi were given permission to search the area for the bodies of three American Air Force personnel believed to have been killed Monday when a C-47 transport was shot down in flames. The wreckage was reported found about two miles inside Yugoslavia from the Austrian border.

Theodore Hohenthal, U. C. consul at Zagreb, was informed today by officials at Yugoslav Fourth Army headquarters in Ljubljana in northern Yugoslavia that no trace had been found of two more American crew members of the C-47 who were seen to parachute from the blazing plane. This information added to fears that they may also have been killed.

Seven other Americans and three non-American passengers of an unarmed C-47 transport, which was forced to land by Yugoslav fighters 10 days earlier, still were held by Yugoslav authorities.

The best information here was that the two transports were not attacked by lend-lease planes since the Yugoslavs were no longer believed using any types of British or American-made fighter craft.

**Small Air Force**  
Foreign military observers said the Yugoslav Air Force is small and made up of pilots who need training and flying experience. For that reason, observers said, the attrition rate from mechanical failure and pilot error is about 60 per cent higher than some other air forces. There is no available estimate of the total strength of the air force available here.

The conversation between Tito and Patterson presumably will be by interpreters, since the Marshal speaks only Russian and German in addition to his native Serbo-Croat.

## COLLEGE NOT AFFECTED BY HOUSING PROBE

Gettysburg college is not affected by the "stop-order" from the War Assets Administration halting the transfer of 53 surplus camps and war plants to educational institutions, The Gettysburg Times was informed shortly after noon today by The Associated Press special services department.

When the official "stop-order" announcement was released by the WAA The Times contacted the special services department of The Associated Press to ascertain what educational institutions would be affected. The Times was informed that Gettysburg college was not on that list of schools.

The college had agreed to accept 300 additional veterans with the opening of school in the fall and had arranged with the Federal Housing Administration for housing units for the GIs. Because of a delay in the construction program Dr. W. A. Hanson, college president, announced this week that the fall opening had been postponed from September 19 to October 1.

### Congressional Probe

Washington, Aug. 22 (AP)—The War Assets Administration today halted the proposed transfer of 53 surplus camps and war plants to educational institutions, pending a Congressional inquiry into such "grifts."

The WAA stop order followed disclosure before the House Surplus Property committee that the Thunderbird, Ariz., airfield had been "sold" at 100 per cent discount to the newly incorporated American Institute for foreign trade.

The order blocks the "sale" of more than \$13,000,000 worth of other government property and the leasing of about as much more.

All the properties had been assigned for disposal at a 100 per cent discount to non-profit, tax exempt institutions. Those earmarked for lease were to have gone for nominal sums, such as \$1 a year rental.

WAA said the stop-order resulted from action of the committee headed by Rep. Slaughter (D-Mo.) in "questioning the authority of the WAA to dispose of Thunderbird Field" near Glendale, Ariz., to a group of former army officers headed by Lt. Gen. B. K. Yount.

## VETS NOT PAID FOR LOAFING

"Under the G. I. Bill of Rights veterans do not receive \$20 a week for a year regardless of whether they seek work or not," said Edgar A. Crouse, Gettysburg Manager of the United States Employment Service. Mr. Crouse said that veterans "who decline suitable employment when it is found for them are no longer kept on the lists to receive Servicemen's Readjustment Allowance."

"The regulations governing the distribution of SRA are in general similar to those controlling the payment of unemployment compensation to non-veterans. These provide that a man must be able to work and be available for work when he makes application for either benefit. A veteran is not paid \$20 a week for 52 weeks merely because he was formerly in the armed services."

"It is a libel on the veterans to say that any large number of them would want to or succeed in hoodwinking the authorities into paying money to them for loafing. The average veteran wants a good job more than he wants subsistence money."

"It is just and reasonable for the Government to take special care that a veteran should not suffer undue hardship in readjusting himself to civilian life. That is the purpose of SRA and official figures indicate that it is being carried out with little abuse."

## DAR To Celebrate Constitution Day

The Gettysburg chapter of the Daughters of the American Revolution will join with 12 other chapters in this region in the celebration of Constitution Day on September 17 at York. The observance will be sponsored by the Yorktown chapter of the DAR.

There will be a luncheon at 1 p.m. followed by a patriotic program and in the evening there will be a parade in which more than 60 civic and patriotic organizations in York will participate.

Members of the Gettysburg chapter who wish luncheon reservations should contact Mrs. M. K. Eckert by September 13.

### Weather Forecast

Generally fair and cooler tonight and Friday.

Radio batteries, Baker's Battery Service.

## Meets Byrnes

Yugoslav vice-premier Edvard Kardelj (below) and U. S. Secretary of State James F. Byrnes conferred in Byrnes' Paris hotel room on the strained Yugoslav-American relations. Kardelj told newsmen he believed the shooting down of two unarmed American transport planes by Yugoslav fighters within ten days had been unintentional. He added that the two planes had been signaled to land when they were over Yugoslav territory, and that when the planes did not descend "there was nothing for us to do but shoot them down."

## PAUL HARNER WILL DIRECT COLLEGE BAND

The Gettysburg college band will be directed by Paul A. Harner, Hanover, during the approaching school year. Prof. Parker B. Wagmild, head of the newly-created music department at the college, announced today. Harner is director of several school bands in neighboring towns.

Mr. Harner has studied with Major George S. Howard, director of the U. S. Army Air Forces band at Bolling Field, Washington, D. C.; William H. Eberle, director of the Hagerstown Municipal band and the York City band; Daniel Feldman, director of the 104th Medical Regiment band of Baltimore, Md., and teacher at the Peabody Conservatory of Music; and Pierre Hurotte, concertmaster of the New York Philharmonic Orchestra and head of Music Education at Ithaca, N. Y.

### Other Studies

In addition to his individual instruction he has studied at Gettysburg college, Western Maryland college, Mansfield State Teachers' college, Penn State college, Peabody Conservatory of Music, Baltimore, Md. Harner has also studied at the Virtuoso Music school, New York, and Vandercreek Music school, Chicago, Ill.

Prior to the war he organized the New Oxford high school band, which won five state titles in the Pennsylvania Forensic and Music League. This same organization was entered in two national contests, and succeeded in carrying off a first division rating in one.

Harner composed the "President Washington March," which was officially used in connection with the Washington Bicentennial celebration in 1932. In 1944 the same composition was broadcast over a national radio chain by the U. S. Army Air Forces Band.

## Balloon Makes Quick Trip To Upper Darby

A helium-filled balloon released at Natural Springs park, east of here on the Lincoln highway, on Sunday evening, August 4, proved again that the air is the fastest medium of travel.

The balloon which was released here by John A. Miller, Biglerville R. 2, and Stewart N. Wachter, Natural Springs park, was picked up in Upper Darby at 8:30 p. m. that evening by James Loser, aged 10 years.

Loser wrote Mr. Miller in response to a note which had been fastened to a soda bottle cap which was attached to the balloon.

### RECOMMENDS DIVORCE

The report of the master, Attorney William L. Meals, filed today at the office of Arthur H. Shields, county prothonotary, recommends that a divorce be granted to Guy L. Bream, New Oxford against Loretta (Arnold) Bream, Biglerville. The action was brought on the grounds of indignities to the person and cruel and barbarous treatment.

## BANKERS HEAR TALK ON SOVIET YANK RELATIONS

George F. Kennan, East Berlin, R. D., a member of the state department for many years, was the speaker Wednesday evening at the regular meeting of the Adams County Bankers' Association held in the Shetter house.

Speaking on "The relations between Russia and the United States," his remarks were "off the record" and presented in the manner of "one neighbor talking to another." More than 100 bankers and their wives attended the session.

During his talk he outlined his duties as a counselor for the embassy in Russia and told some details of how an embassy is conducted. He spoke on the history of Russia, telling how it developed during the centuries and then told some details of the present day U.S.S.R.

He was in Russia as a member of the state department staff during the 1920s and 1930s and then was stationed in Germany and other countries. He recently returned from two years duty in Russia and now is on the war college staff instructing in foreign affairs.

After his address he spent some time in answering questions put by the bankers. Elmer W. Warren, president of the bankers' group presided. The speaker was introduced by C. D. Krout, cashier of the East Berlin National Bank. The next meeting of the association will be held in Arendtsville.

## Services Today For Mrs. Heiges

Funeral services for Mrs. Anna Martha Bella Heiges, wife of Burgess C. A. Heiges, who died at her home on Buford avenue Tuesday morning after a long illness, were held this afternoon at 2 o'clock from the Bender funeral home with her pastor, the Rev. Dr. Dwight P. Putman, pastor of Christ Lutheran church, officiating. Interment was made in Evergreen cemetery.

The pallbearers were Harry, John, and Ray Biesecker, Bruce and William Gallagher and Jesse Landis, Jr.

## HARRY ANWYLL STRUCK BY CAR

Harry L. Anwyll, of Harrisburg, was seriously injured Wednesday evening when struck by an auto while walking across North Second street at the Strawberry street pedestrian crossing, Harrisburg.

Mr. Anwyll was well known in Gettysburg where he worked with local railroad officials. He has a number of friends in Gettysburg acquired over a period of years during which he was a frequent business visitor here. He was active in transportation problems during the 50th anniversary of the Battle of Gettysburg.

Mr. Anwyll was removed by ambulance to the Harrisburg hospital where he was reported in an unsatisfactory condition. Physicians said he suffered a possible fractured skull, cerebral concussion, contusions and abrasions of the scalp and a laceration near the right ear.

Police said the driver of the car was J. Frank Stokes, of Harrisburg.

Witnesses reported the car was traveling north in a line of traffic when Mr. Anwyll, who is 78, started walking across the street and was struck by the side of the car. Nearby policemen summoned the ambulance and applied first aid until it arrived.

Mr. Anwyll was with the freight traffic office of the Pennsylvania railroad until his retirement some years ago.

## Countians Purchase \$112,498 In Bonds

Adams countians purchased \$112,498 worth of U. S. Savings Bonds during July, the Pennsylvania division of the U. S. Treasury department announced today.

Purchases included \$45,768 worth of E bonds, \$7,030 worth of F bonds and \$59,700 worth of G bonds.

Pennsylvanians purchased \$61,572,876.50 during the same period.

### HELD AS VAGRANT

Calvin Stouffer, York, arrested at 9 p. m. Wednesday night by borough police on a vagrancy charge, was in jail here awaiting a hearing before Justice of the Peace Robert P. Snyder. Stouffer was picked up, borough police said, near Fourth and Railroad streets, on complaint of a nearby resident.

### BUYS LOCAL RESIDENCE

## Ukraine Warns Conference Balkans May Be Powderkeg

By ROBERT C. WILSON  
Paris, Aug. 22 (AP)—The Ukraine warned the peace conference today that "once more the Balkans may become the powderkeg of Europe" and threaten world peace.

Taking the side of Albania, against Greece, in the airing of Balkan quarrels before a plenary session of the conference, Dimitri Manuilsky, chief of the Ukrainian delegation, declared:

"We now see how the declarations made here by Greece really can endanger the peace of the world. We know how wars have been prepared."

Greek Premier Constantin Tsaldaris sharply attacked Albania in a speech before the Peace Conference today and served notice that he would propose an amendment to the Italian treaty to award northern Epirus (southern Albania) to the Greeks.

Greek claims to the territory "go back several centuries," he declared, and it was from a "practical and ethical point of view that the issue has a capital importance for the Greek people." He said a formal

## CLUBS TO HOLD COUNTY ROUNDUP

Adams county home economics extension clubs will hold their first county-wide roundup in 4 years Wednesday, August 28, at Gettysburg high school, beginning at 10 a. m. During the past four years the county-wide gatherings were discontinued because of the war. Two years ago the prevalence of polio was an added factor in postponing the roundup.

The club members will bring their clothing and food projects to the high school, where they will be judged by Mrs. Fred Lease, Arendtsville, who was formerly home economics representative in Somerset county. The awarding of certificates and ribbons will take place during the afternoon, according to Miss Mildred L. Adams, county home economics representative.

Each club member is requested to bring her own picnic lunch to the roundup. Miss Adams said that chocolate milk and ice cream will be sold at the high school at noon.

On Thursday Miss Adams will judge the clothing and food projects in Franklin county.

## Fined For Using Police Car Space

Maurice Borsteins, New York, who ignored the red line painted on the curb in front of the Murphy building on Baltimore street, which reserves this space for the police car, paid a fine of \$5 and costs Wednesday afternoon before Justice of the Peace John H. Basehor. The arrest was made by borough police, who found their space occupied when they attempted to park in front of their headquarters.

## Woman Driver Is Charged After Crash

Velma Gladys Bobo, York Springs, was charged with following too closely behind another vehicle Wednesday afternoon, before Justice of the Peace William E. Stough, Aspers, and a charge of parking on the highway was filed against Benjamin L. Hamberger, Harrisburg, following an accident one mile east of Bendersville.

State police, who filed the charges, said an automobile driven by the York Springs woman ran into a truck operated by Hamberger. Damage to the Bobo car was estimated at \$50. The truck was not damaged. Ten day notices will be sent.

The National Park Service of the Department of the Interior, which has under its care the Gettysburg battlefield, 26 other national parks and 85 national monuments and widely scattered national areas, will celebrate the 30th anniversary of its establishment Sunday, August 25.

The battlefield here has been under the jurisdiction of the Interior Department since its transfer from the War Department by President Roosevelt in 1933, under the reorganization act of that year, along with numerous additional historical areas and national monuments which had been administered by the Forest Service of the Department of Agriculture.

The National Park Service was established by a congressional act signed by President Woodrow Wilson on August 25, 1916. The service's initial responsibilities extended to only 14 national parks and the 21 national monuments then under the Department of Interior jurisdiction.

Has Had Four Directors

The service has had four directors since 1916. Its first director was Stephen T. Mather, of California and Chicago, who served until 1929 when he resigned because of ill health. He was succeeded by Horace M. Albright, his principal assistant. Upon Mr. Albright's resignation in August, 1933 to enter private business, Assistant Director Arno B. Cammerer became director. When illness compelled Mr. Cammerer to resign in 1940, his place was taken by Newton B. Drury of California, the present director, who had managed the affairs of the Save-the-Redwoods League for 21 years, and who had also handled the \$12,000,000 California state park acquisition program.

Since 1937, administration of the National Park System has been based on four regions. Region one, with headquarters in Richmond, Va., includes 23 states in the east and south; Region two, with headquarters in Omaha, contains 14 mid-western and Rocky mountain states; Region three had headquarters at Santa Fe, N. M., and embraces six southwestern states; Region four contains five intermountain and Pacific Coast states, and has its headquarters in San Francisco.

**Unused Leave Forms Now At Post Office**  
Postmaster Lawrence Oyler today announced forms for honorably discharged enlisted veterans of the armed forces in making claims for settlement for unused leaves are now available at the post office.

The forms are for use only of enlisted veterans separated from active duty prior to September 1, 1946, and are the result of the Armed Forces Leave Act of 1946.

Good Evening  
The Security Council's first test may be a tough one.

## GRAND JURY IN SESSION FOR AUGUST COURT

Six cases were completed by the August grand jury, convened this morning at the court house, up to noon, and true bills reported to the court in the six.

Indictments were found as follows:

Harry D. DePolis, Renova, Pa., failure to support a child.

Charles Arthur Pettigill, 113 Carlisle street, assault and battery. John W. Little, Gettysburg R. 4, resisting arrest.

Harry McClellan, Fairfield R. 1, assault and battery.

Clyde L. Monn, Jr., Gettysburg R. D., serious charge.

Richard A. Souders, McConnellsburg, operating a motor vehicle after his license had been suspended.

Judge Fred S. Reese of Cumberland county presided today in the absence of Judge W. C. Sheely, who was in Philadelphia attending a meeting of the criminal law revision committee.

District Attorney J. Francis Yake, Jr., said a total of 14 cases were to be presented to the grand jury, leaving eight for consideration this afternoon.

Dewey E. McCauslin, Bendersville, was appointed foreman of the grand jury.

The case of Carlton Ferguson, Littlestown R. 1, was settled out of court this morning, the district attorney said. He had been held on a morals charge.

## TELLS LEGION RUSSIA GUILTY OF DELIBERATE, 'VIOLENT' ACTS

Philadelphia, Aug. 22 (AP)—U. S. Senator Francis J. Myers (D-Pa.), charged today that Russia was guilty of "deliberate acts of violence," in precipitating the "accumulation of so-called incidents to which our servicemen in Europe and in the Far East have been subjected."

Myers told the Pennsylvania American Legion convention that "it is apparent that they (acts of violence) represent a calculated attempt to discourage the presence of Americans near Soviet dominated sectors of Europe and China," adding: "I hope that such incidents do not induce the American public to urge the withdrawal of our troops from Europe and China, that is precisely what Russia would like us to do. . . . American servicemen did not set the Rising Sun of Japan to have a Red Star rise as a potential menace to world peace."

**Asks End to Relief**  
Myers said he did not believe another war inevitable or even probable but "we cannot dismiss as unimportant the accumulation of so-called incidents."

He called for immediate termination of relief shipments to Yugoslavia pending an answer by the Russian satellite nation to the American note about attacks on unarmed U. S. planes, saying:

"Suspension of relief shipments should serve notice on Marshall Tito that the United States will not tolerate any future incidents."

Such a suspension, he said, should be endorsed by the Legion in a telegram to the State Department and to the United Nations Relief and Rehabilitation administration.

Earlier it had been announced the Legion would consider a resolution asking the American government to take steps, short of war, to halt further attacks on U. S. aircraft in foreign lands.

### Birth Announcements

Mr. and Mrs. Ralph Koontz, 27 Breckenridge street, announce the birth of a son at the Warner hospital this morning.

A daughter was born this morning at the hospital to Mr. and Mrs. Dean H. Bower, York.

Mr. and Mrs. David Bray, Gettysburg R. 1, announce the birth of a daughter Wednesday evening at the hospital.

Mr. and Mrs. Joseph Boyle, Fairfield R. 2, announce the birth of a son at the Waynesboro hospital Wednesday morning.

**QUARTERLY MEETING**  
A quarterly meeting of the Religious Society of Friends will be held at the Menallen Meeting House Sunday at 11 a. m. First Day school will be held at 10 o'clock and at 2 o'clock a conference will be conducted by Bliss Forbush, Baltimore.

## TWO VACANCIES IN SCHOOLS HERE

There are two teacher vacancies in the Gettysburg public schools, Superintendent of Schools Dr. Lloyd J. Keefe announced today.

Miss Ruth M. Mundis, of North York, and a graduate of Shippensburg State Teachers' college, has resigned as typing teacher in the local high school. She had served in that capacity one year. Her resignation reached Superintendent Keefe after he returned Wednesday afternoon from a conference of superintendents of the Central Pennsylvania District at Camp Lehigh, near Scotland. The conference was in session from Monday until Wednesday noon.

Superintendent Keefe said the local school board has the authority under the teacher tenure act to retain Miss Mundis for a period of sixty days.

It was also announced this morning that there are no applicants for the positions of art or typing teacher in the local schools.

## Honor Daughter On Birthday Anniversary

Mr. and Mrs. Guy Funt, Harrisburg, entertained recently at their summer home at Rock Chapel in honor of their daughter, who celebrated her 15th birthday anniversary.

Those present were Mr. and Mrs. Leland Funt and son, Mr. and Mrs. Paul Goodman and son, Paul, and daughter, Pauline, Mrs. Marian Grassman, Harrisburg; Mrs. Willis McCadden, Gettysburg; Mrs. Grace Funt, Miss Aline Tipton and William Warren, Biglerville; Mr. and Mrs. Harry Funt, Luthers and George Sandoe, Aspers R. D.; Sherman Funt, William Kennedy, Miss Rachel Gochenour, Mr. and Mrs. Miles Hinkle and son, Barry, and daughter, Linda, Mr. and Mrs. Norman Harmon and son, Junior, and daughter, Viola, Mrs. Elizabeth Livengood, Mrs. Harvey Miller, Walter Miller, Miss Lois Miller, Miss Joan Miller, Miss Janet Thomas, Ellen Williams and Alice Williams, York Springs.

A cornbe was held and refreshments were served on the lawn. The guest of honor was the recipient of many gifts.

## Harvest Festival At Mt. Tabor Sunday

The second annual harvest festival, sponsored by Cline's and Mt. Tabor United Brethren churches, will be held at the Mt. Tabor church Sunday. The Rev. Charles R. Miller is pastor of the church.

Sunday's program will open with Sunday school at 10:15 a. m. A chicken corn soup supper will be served by women of the churches at 12:15 o'clock.

Dr. Harvey D. Hoover, of the Lutheran Theological seminary, will deliver the sermon at the harvest festival service at 2 p. m. A pageant, "The Giant of the Wastelands," will conclude the afternoon service.

Members are asked to bring contributions for the harvest display to the church Saturday afternoon or Sunday morning. The food from the display will be donated to the Warner hospital.

## Private Rites For Victim Of Lockjaw

Private funeral services for William James McClellan, 8, 224 West Middle street, who died at the Warner hospital Wednesday afternoon at 12:25 o'clock from lockjaw, will be held Saturday afternoon at 2 o'clock from the Deatrick brothers' funeral home, Baltimore street. Interment in Evergreen cemetery. Dr. Ralph R. Gresh, St. James Lutheran pastor, will officiate.

Dr. C. G. Crist, Adams county coroner, investigated and authorized an autopsy Wednesday afternoon by Dr. C. Harold Johnson, pathologist. It disclosed infection and tetanus had been caused by a small thorn which was imbedded in the top of the youth's scalp.

Friends may call at the funeral home Friday evening from 7 to 9 o'clock.

## Russian Spy Is Nabbed In Germany

Frankfurt, Aug. 22 (AP)—The U. S. Army said today that a Russian secret police agent, Mrs. Lena Herz-Krupenko, had spent nearly a year spying in the American zone of occupation.

She was turned over to liaison officers of the Russian army in Frankfurt today.

The Russian woman posed as a German and a doctor in order to obtain an UNRRA job, the announcement said. She was said to have confessed to faking identity papers for others, presumably agents.

## STRIKE TONIGHT

New York, Aug. 22 (AP)—Approximately 150,000 Long Island commuters were threatened with the disruption of their ordinary means of transportation to New York city today as a union official said a strike on the Long Island railroad would be called at midnight even if the government ordered seizure of the road.

## Pilot's License For Donald A. Ullrich

Donald A. Ullrich, veteran of navy service in World War II and member of the teaching staff at the Lincoln school building, has received a pilot's license after instruction flights at the Gettysburg airport. He soloed here March 25 but the completion of his flying hours necessary for a pilot's license was delayed by post graduate studies he began at State College leading toward a master's degree.

The license was issued on August 9.

## Window Display Honors Ball Team

A display placed in a window of the Walter Crouse store, "Crouse's on the Square," at Emmitsburg, honors members of the Emmitsburg baseball team.

The display is framed by two baskets of cat-o-nine-tails, and includes individual pictures of players and spectators and a picture of the team as a group. It also includes a poster, in which the Emmitsburg team thanks the citizens of the town for their support during the season.

## Trinity Reformed Picnicking Today

The annual picnic of Trinity Evangelical Reformed church will be held this evening at Sheffer's park. Cars will leave the church at 4 and again at 6:30 p. m. to provide transportation for those desiring to attend. Games will be played between 4 and 6:30 p. m. The picnic is being sponsored by the Men of Trinity. The special committee has planned for a number of games for every age.

The supper will be served at 6:30 p. m. John D. Lippy, Jr. will entertain at 7:30 p. m. as a magician.

## Gunmen Prevent Radio Broadcast

Buenos Aires, Aug. 22 (AP)—Police said today that eight men armed with machine guns prevented broadcast over the Banfield radio station last night of a speech by Foreign Minister Juan A. Bramuglia appealing for public approval of Argentine adherence to the Chapultepec and San Francisco accords.

The men forced employees against the wall, police said, and disconnected the broadcasting equipment until Bramuglia had finished speaking. The speech was not interrupted on other stations of the Argentine network.

## DEATHS

### Rites On Friday

Funeral services for Mrs. Annie R. Etter who died Tuesday in a Harrisburg hospital, will be held Friday afternoon at 1 o'clock from the Cramer funeral home, Chambersburg, with further services at Peterhoff's United Brethren church conducted by the Rev. J. W. Yohe assisted by the Rev. Stafford Weeks. Interment in the church cemetery.

### Bury Miss Kolb

Funeral services for Miss Mary Kolb, 88, Thurmont, who died Monday afternoon from a complication of diseases, were held this morning at 9 o'clock from St. Anthony's Shrine church, near Emmitsburg, conducted by the Rev. Thomas Rinehart. Interment in the church cemetery.

Pallbearers were Francis Braithwaite, Allen Kritz, Harvey Michael, James Michael, Edward Braithwaite and Joseph Kolb.

## RECEIVED PAY FROM 2 MATES

Philadelphia, Aug. 22 (AP)—Mary Louise Llewellyn, a 21-year-old attractive brunette, collected two GI husbands and a score of extra allotment checks, says the FBI.

Uncle Sam decided that was taking matrimony too far and yesterday in federal court Miss Llewellyn was billed for \$1,080.

She was freed in \$300 bail after pleading she has "a job to go to and an 18-month-old daughter to take care of."

Her attorney, Maurice Marmon, told Magistrate John C. Morlock, sitting as a U. S. Commissioner, "This girl is the victim of circumstances."

She married John Spears, of Miller county, S. D., on February 5, 1944. Nine months later she married Robert Lee Wilson, San Pedro, Calif. She drew allotments from both, FBI agents testified.

Marmon said his client married Wilson in the belief that Spears had divorced her. He reported that Wilson has filed suit for divorce.

Morlock was sympathetic. "Normally, I would hold you in high bail," he told the woman, a cashier for a Philadelphia hotel.

"However, from your appearance and from what your attorney has told me, I believe you should have a chance to make restitution."

## Turkey Replies To Russian Demands

Ankara, Turkey, Aug. 22 (AP)—Turkey replied today to Russian demands for joint control of the Dardanelles. Contents of the note were not disclosed immediately, but it was reasonably certain the message was a categorical denial.

Foreign Minister Hassan Saka took the note to the Soviet Embassy at noon and gave the reply to Charge d'Affaires M. Parvel Erchov. The Dardanelles control the passage between the Black sea, which Russia half surrounds, and the eastern Mediterranean.

## Homeless Families Break Into PW Camp

London, Aug. 22 (AP)—Twenty homeless men and women — some with babies in arms—burst into a camp for German war prisoners near Hereford last night and took possession of 10 vacant huts after overpowering a British army guard.

Three hundred German war prisoners billeted in other buildings slept through the disturbance—last episode in a nationwide invasion of government property by desperate "squatters" seeking a solution of Britain's acute housing problem.

### THE LADIES STAYED

Tokyo, Aug. 22 (AP)—Six women members of the Japanese house of representatives refused to walk unescorted through Tokyo's dark streets after the house ended a protracted session last night. They spent the night in the diet's lobby, sleeping on sofas and chairs.

### GUERRILLA WARFARE

Manila, Aug. 22 (AP)—Fighting between peasant guerrillas and Philippine army military police was reported raging in three central Luzon provinces today, with the regulars using artillery for the first time. The guerrillas are demanding land reforms.

### TO BE IN UNIFORM

Members of the Blue and Gray bands are asked to wear their uniforms for the concert to be given this evening in Center square in front of the Hotel Gettysburg. The one-hour concert will begin at 8 o'clock.

### KILLED IN BLAST

Tribbey, Okla., Aug. 22 (AP)—A butane gas explosion in a home here yesterday killed four persons, one a month-old baby. Deputy Sheriff Bob Hart reported gas accumulated while a stove was being installed, was set off when Kenneth Tate, 19, lit a cigarette lighter.

## DODGERS GAIN FULL GAME AS CARDINALS BOW

By JOE REICHLER

(Associated Press Sports Writer)

The St. Louis Cardinals, who have been chasing the Brooklyn Dodgers practically from the start of the season, might be occupying the top spot in the National league today were it not for former teammates now with rival clubs.

The latest ex-Card to help subdue his former teammates is St. John, 38-year-old pitcher of the Boston Braves, who wore a St. Louis uniform from 1936 through 1938.

The veteran righthander turned back the Cardinals 4-3 last night under the lights at St. Louis. The defeat pushed the Cards back a game and a half to the pace-setting Dodgers who whipped the last place Pittsburgh Pirates 8-2 in the afternoon.

### Wins 22nd

Dave Ferriss, the Boston Red Sox' sensational sophomore, hurled his 22nd mound triumph, but needed help after giving up 14 hits in five and one third innings. Staked to an 11-1 lead over the St. Louis Browns after two innings, Ferriss was banged for six more runs before being removed in the sixth and the Sox went on to win 12-9.

The New York Yankees swept a double header from the Chicago White Sox, 10-1 and 5-4.

The lowly Philadelphia Athletics made it two in a row over the third place Detroit Tigers when Phil Markchild outpitched Virgil Trucks 4-1 with a neat seven-hit.

Rookie outfielder Del Ennis' ninth inning home run enabled the Phillies to eke out a 1-0 victory over the Cubs in Chicago and Early Wynn pitched Washington to a 4-3 victory over Cleveland at the capitol last night.

Johnny Hetki pitched and batted the Cincinnati Reds to a 7-2 victory over the New York Giants.

## INDIAN RIOTS ARE SPREADING

Bombay, Aug. 22 (AP)—Communal clashes between Hindus and Moslems—which cost approximately 3,000 lives in Calcutta last week—were reported spreading today through Bengal, Bihar and Assam provinces, with four persons dead and a score injured.

In Dacca and Raniganj, both in Bengal, elaborate police precautions were taken to prevent further outbreaks of violence which killed two persons in each town. Other clashes were reported at Banka, in Bihar province, and Sylhet, in Assam. Troops and armed police were on duty in both these places.

Moslem and Hindu leaders in New Delhi both condemned the bloody Calcutta rioting and responsible observers said they did not think the bitter fighting would affect current efforts to form an interim government pending plans for making India independent.

Authorities sought to increase Calcutta's seriously depleted food supply as disposal squads continued the gruesome job of picking up bodies and clearing away the wreckage of looted shops.

## See Dewey Bid In '48 Contest

Washington, Aug. 22 (AP)—Freshly plugged gaps in New York's Republican organization appeared today to heighten the possibility that Gov. Thomas E. Dewey will bid for the 1948 Presidential nomination if he wins reelection this year.

The regular organization closed its ranks when primary voters Tuesday refused Republican nominations for Reps. Joseph Clark Baldwin (R), Vito Marcantonio (AMN-LAB) and Adam Clayton Powell (D).

Intensive party work by the regulars who support Dewey was credited with substituting State Senator Frederick R. Coudert, Jr., as the GOP congressional nominee for Baldwin in the governor's home 17th district in New York city. Baldwin, a sometime supporter of Democratic administration proposals, got the American Labor Party nomination but announced he wouldn't run in November.

New York's 47 electoral votes loom mountain-like in any close Presidential race. Thus Dewey's chances of winning at home might figure largely in any decision by the 1948 Republican convention despite the GOP precedent of never having renominated a losing Presidential candidate.

## Eight Killed In Fire, Explosion

Azusa, Calif., Aug. 22 (AP)—Eight persons were dead and 20 injured today after a fire and explosion yesterday wrecked the Aero-Jet Engineering corporation, makers of jet-assisted take-off units for navy fighter and bomber planes.

Cause of the fire, which apparently licked its way into a volatile fluids mixing plant, remained undisclosed as navy authorities took charge of the plant. The blast, which blew some of the volunteer firefighters 60 feet, pounded holes in buildings 80 feet away, destroyed the plant's fire engine and equipment, and was heard at Wrigley Field in Los Angeles, 25 miles distant.

Mrs. Chester J. Tyson, Gardners R. D., has returned from a visit with her son-in-law and daughter, Mr. and Mrs. Clarence Keefe, Baltimore.

Mr. and Mrs. Irvin Raffensperger left Tuesday afternoon to make their future home at Buckeye, Arizona. Mr. and Mrs. Raffensperger, who resided at Upper Darby this year, visited the former's parents, Mr. and Mrs. Emory E. Raffensperger, Biglerville R. D., enroute to Arizona.

## Russians Are Told Little Of Crisis

London, Aug. 22 (AP)—Moscow radio reported today the exchange of notes between the United States and Yugoslavia but made no comment other than to quote a U. S. dispatch.

"The A. P. correspondent in Washington" said an English language broadcast, "has classed the two American notes to Yugoslavia as the hottest the state department has sent in recent times."

"High-placed diplomats believe, he writes, that the time has come for the western allies to bring strong economic pressure to bear on Yugoslavia."

## Nitro Plant Is Rocked By Blast

Nitro, W. Va., Aug. 22 (AP)—An explosion rocked the Nitro Apex company's nitro plant today, followed by fire, and first reports said at least seven or eight persons were en route to hospitals at Charleston, 20 miles east of here.

Editor Cecil Walker of the weekly Kanawha Valley Leader said he distinctly felt the blast at his office approximately one mile from the large plant, which manufactures plastics, at 10:30 a. m. (EST).

Walker said he saw "seven or eight injured persons" taken from the plant and started toward hospitals.

### EGG PRICES DROP

New York, Aug. 22 (AP)—A drop of 3 cents a dozen was registered today in medium mixed color eggs. Medium browns declined 2 cents a dozen. Trade observers said the decline was due to poorer quality eggs. Eggs 20.317; irregular; current general wholesale prices follows: Whites: extras, 43-46; medium, 39-40; browns: extras, 42.5-45.5; medium, 38.5-39.5.

## Hope For Pact In Great Lakes Strike

Detroit, Aug. 22 (AP)—Hope rose today for imminent settlement of the eight-day-old Great Lakes shipping strike with announcement that a "tentative understanding" had been reached between negotiators for the National Maritime Union and Standard Oil Company of Indiana.

Government Conciliator Noel P. Fox disclosed in Chicago that union members there would receive the agreement for a ratification vote today.

He declared the terms would not be made public until the union membership has voted. The company earlier this week turned down a union offer to accept a 44-hour work week instead of its original 40-hour demand.

Fox said that the agreement would affect only Standard Oils five tankers. However, there was some indication it might prove the basis for settlement between the NMU and the 16 other strike-affected shipping companies.

## Partial Merger Of Army-Navy Is Urged

Washington, Aug. 22 (AP)—Senator Elbert Thomas (D-Utah) proposed today that President Truman order into immediate effect a partial merger of army and navy functions.

Thomas, who is chairman of the Senate Military Committee, told a reporter he is drafting a letter to that effect which Mr. Truman will find on his desk when he returns from his vacation at sea.

Specifically, the senator said he will appeal for establishment of a council of national defense such as is called for in pending merger legislation. That legislation failed to reach a vote in either house before Congress quit three weeks ago.

## Backseat Driver Problem Solved

Chicago, Aug. 22 (AP)—Pvt. Charles Breed guaranteed against back seat drivers by building an auto with two front ends.

Breed, 19, of Paw Paw, Mich., made his mechanical monstrosity by slicing in half two 1929 Model A Fords and welding both front ends together.

Each end is complete with a hood, windshield, headlights and steering wheel. There is only one engine at present but Breed plans to install another so he can go in either direction.

"I made it just for the heck of it," Breed said after driving the car to Chicago. "It might prove popular though. It eliminates back seat drivers."

## Says British Fear War With Russia

Washington, Aug. 22 (AP)—The long shadow of Soviet foreign policy fell obliquely over the troubled Holy Land today.

Bartley Crum, American member of the Anglo-American Palestine commission contends that England's fear of war with Russia is directly responsible for British policy blocking the immigration of 100,000 European Jews into Palestine.

Addressing a group which included several high government officials, Crum said members of the British foreign office had been "quite frank" in citing that fear as the basis for Britain's often-criticized policy.

British embassy spokesmen here declined comment.

## Mrs. Colwell Heads Legion "8 and 40"

Philadelphia, Aug. 22 (AP)—Mrs. Mary J. Colwell, of Dunmore, active in the American Legion auxiliary 20 years, was elected head of the Pennsylvania 8 and 40 at a meeting last night in conjunction with the American Legion convention. She stepped up from first vice president.

The 8 and 40 is the honor organization of the Legion auxiliary with only members who have given meritorious service eligible for membership. The group is engaged in a widespread program of child welfare and work for the cure and prevention of tuberculosis among children.

## Hidden Child Is Crushed By Auto

Jacksonville, Fla., Aug. 22 (AP)—A child's whim to hide himself from his playmates under an old newspaper led to the death of two-year-old Richard C. Danese.

The driver of an automobile swerved to avoid hitting a child riding a scooter on a southside street and ran over a newspaper about three feet from the left curb. Under the newspaper was the Danese child, son of Mr. and Mrs. Francis T. Danese.

### 28 END STUDIES

According to an announcement today by Prof. Charles R. Wolfe, Gettysburg college registrar, 23 students will complete their college studies and receive the degree of bachelor of arts at the close of the summer semester here on August 31.

# 1 Maroon Gridders Hustling Through Full Day Of Drills; Break Camp Saturday Afternoon

It's all work and no play for the Gettysburg high school football nidders now in the midst of a week of pre-season drills at the asonic camp, near Harney, but they love it. At least that was the impression gained by the writer on visit to the camp Wednesday morning and after talking with a number of the players.

The Maroons set up camp Monday morning and got right down to drills the afternoon. By Wednesday they had progressed so far that full football regalia was dished out for drills in the morning.

There is little doubt the entire unit is in a serious mood and bent on giving their 1946 opponents plenty of trouble. The hustle and unstinting efforts made by each to carry out orders by Coaches George Orney, Howard Shoemaker and Red Haehnel clearly indicated that point.

Coach Forney is greatly enthused over the cooperation of his coaching staff and players. "I've never experienced anything like it. There isn't anyone here who isn't doing everything for the success of the work-out and that means a lot," he said.

**Day's Schedule**  
Each day's program is something like this: Arise at 6:30; breakfast 7:15; practice from 9 to 11; lunch at 12 noon; practice from 2 to 4:30; dinner at 6; blackboard drills or football movies at 8, and lights out at 9:30.

Twenty of the candidates are quartered in the firemen's lodge and 1, together with the three managers, William Bushman, Fred Rodgers and Luther Sachs, in the Masonic lodge. Eugene Cole is in charge of the firemen's lodge and Joe Hess of the Masonic lodge. It is their duty to see that everything is kept in order in their respective buildings.

Cole and Hess have worked out a program whereby two squads of five boys each help prepare the meals each day while the other group help wash dishes and does the clean-up chores.

Following the afternoon workout the boys are given the opportunity to go swimming in Marsh creek, a short distance from the camp site. Every precaution has been taken and no less than three may go to the swimming spot by boat and each group must take along a tow line to which is attached a small board for use in the even an emergency should arise.

**Boys Big Eaters**  
There isn't much effort required in having the boys "hit the sack" by the 9:30 deadline as most are already in their bunks by that time.

When queried on how the boys were eating Coach Forney said "It's awful. The clean-up squads have only to wash the dishes as they are completely bare. We were even forced to ration the bread after the first day here."

Loud praises by coaches and players alike are sounded of the cuisine efforts of Ernest Carter, chef. "The food is great" was the opinion of all.

**Provide Dinner Today**  
This evening the camp will be treated to a dinner prepared and served by Cloyd Shetter. Milk will be furnished by the Gettysburg Ice and Storage and rolls by Hennig's bakery. The remainder of the dinner, which will feature meat-lob, will be provided by Mr. Shetter, owner of the Shetter restaurant.

The squad is divided into two squads for each drill with Coaches Forney and Haehnel in charge of the linemen and Shoemaker conducting the drills for the backfield men. At times the squads are intermingled according to the particular phase of practice on schedule.

There is little doubt that the Maroon team for the coming season will pack more poundage than last year. There are a number of husky lads in camp who should make real bids for starting berths.

The Maroons will break camp following the noon lunch on Saturday. Parents of players from out-of-town districts who plan to meet their sons upon their return should be at the high school building Saturday afternoon at 4:30 o'clock.

**Drill Here Monday**  
Next Monday afternoon the squad will open practice on the high school field. Candidates who were unable to attend camp are asked to report for drills at that time.

The Maroons will play their opening game, meeting Delone Catholic high at McSherrytown Friday evening, September 13.

The Elks became the fourth and last team to qualify for the championship playoff tournament in the Community Softball league by losing the Moose 10-4 Wednesday evening before a big audience on the high school field.

Errors by the Moose played a prominent role in their defeat, two in the initial frame paving the way for four Elks' tallies after which the outcome was never in doubt. The victors pushed over four runs in the first on an error, a triple by Drach, another error, Kitzmiller's single and an outfield out. The Moose rallied for two runs in their half of the same inning on Stoner's walk and singles by Baker and Johnson. The Elks tabbed a trio of runs in each of the fourth and sixth frames while the Moose pushed over a pair of tallies in their last chance at bat.

**Tourney Opens Monday**  
As the result of the victory the Elks will compete with the Acme, Barbers and State Highway for the championship. The playoffs will start next Monday evening, final arrangements for which will be made at a meeting of league officials Friday evening at 8 o'clock at the fire engine house.

The Marketeers took a pair of games from the VFW on the college field. The first game was a continuation of the 2-2 eight-inning tie played on July 24. The Marketeers pushed over a run in what would have been the fourteenth inning to win 3-2. In the second game the Marketeers again won by a 3-2 score.

## Teacher Vs. Pupil At Portland Today

Portland, Ore., Aug. 22 (P)—Herman Barron, who has taken a lot of golf lessons from Byron Nelson the last two years, was docketed for a stiff mid-term test today with the Portland Golf club the outdoor classroom.

All student Barron has to do is play Teacher Byron in a 36-hole third round match in the current National Professional Golfers' Association championship.

Barron moved up yesterday by defeating Ed Vines of San Francisco, 6 and 5. In the afternoon Barron eliminated Fay Coleman of Los Angeles, 3 and 2.

But all Barron's opponent of today—Defending Champion Nelson—did was go 10 under par for the 27 holes he required to dispose of Frank Rodia, La Mesa, Calif., 8 and 7, and Harry Lamberger, the home pro from Portland, Ore., 3 and 2. He had five birdies in each round.

## Coaches Select Trojans For Bowl

Seattle, Aug. 22 (P)—The boys who ought to know, the head football coaches of the Pacific Coast conference, overwhelmingly pick the Southern California Trojans as the team that will march into the Rose Bowl this fall, a survey disclosed today.

Of seven coaches who would predict the winner of this fall's coast conference race, six voted for Southern Cal. The seventh was the Trojan coach himself, Jeff Cravath, who named the University of Washington as the likely title winner.

**SIGNS WITH SENATORS**  
Bobby Buyer, Harrisburg, former Gettysburg college basketball and baseball star, has been signed by the Harrisburg Senators of the Interstate league. Buyer was signed to fill a gap necessitated when the Senators' regular catcher was shelved by an injury.

## Berlin Stadium Is Readied For Carnival

Berlin, Aug. 22 (P)—More than 300 German workmen swarmed over Berlin's vast Olympic stadium today, refurbishing it for the biggest international sports carnival here since prewar days—the Armed Forces European Theater Track and Field Championships to be held September 7 and 8.

Twelve Allied nations have accepted invitations to compete in the meet, which will be patterned after the last Olympics, held here in 1936. In the stadium where Hitler and his cohorts once strutted at huge Nazi party rallies, the athletes of these nations will compete: Belgium, Czechoslovakia, Denmark, France, Great Britain, Greece, Luxembourg, Netherlands, Norway, Poland, Russia and the United States.

## Sports Roundup

By HUGH FULLERTON, Jr.

New York, Aug. 22 (P)—Peru, Illinois, which launched a boy's baseball program in 1938, puts in a claim for being about the best baseball town in the nation. . . . Five kids who came out of the boys league are playing minor league ball this year and two more have been signed for 1947. . . . The No. 1 Peruvian is Pitcher Russ Myer, optioned by the Cubs to Nashville. Others are Larry Gapiński, Statesville, N. C.; Jim Koehler, Fayetteville, N. C.; Bob Phillips, Iola, Kas., and Peter Shurman, Middleton, O. . . . Bill Liebe, who fanned nearly 200 batters in 18 games, signed with Charlotte, N. C., for next season and Outfielder Billy Urban with Elizabethton, Tenn. . . . Peru also has a "Bleacher Jockey" club. Maybe that one is a Brooklyn farm.

**UNANSWERED QUESTION**  
A report kicking around the National league is that Branch Rickey has promised each and every one of his Dodgers a brand new car if they're still in first place when they return from their western trip. . . . That brings the query: If the Dodgers deliver, can Rickey?

## SHORTS AND SHELLS

Although Notre Dame already is being tabbed as the year's No. 1 football team (are you listening, Army?) folks at South Bend claim they're really worried about Illinois, Army and Southern California. . . . Nat Rodgers, Mike Jacobs' matchmaker, is trying to match Wesley Mounzon, the kid who belted over Bob Montgomery, with Danny Kaplow for a Garden fight. . . . Billy Gates, who must have imbibed some big-time football ideas as sports editor of the Baton Rouge, La., Advocate, has taken a tub-thumping job with Ole Miss. . . . Cy Slapnicka, who signed Bob Feller and who cost the Indians a \$7,500 penalty for doing Johnson, 1b, 3 0 1 1.

Feller, 3b, 3 0 1 1, is slated to be business manager of Feller's Denver club when Bob Gilbert, cf, 3 0 2 2 begins operations next year. . . . Bruiser Kinard, who'll play his 17th season of football with the Yankees this fall, is worried because his four-year-old son wants to lead the band at grid games instead of getting his nose rubbed in the dirt. "We made a mistake taking him to Navy games last year," Bruiser says.

## CV Firemen To Meet Next In Waynesboro

Martinsburg, W. Va., Aug. 22 (P)—The Cumberland Valley Volunteer Firemen's Association yesterday selected Waynesboro, Pa., as the site of its next meeting, the week of July 8, 1947.

The association elected John A. Boy, of Winchester, Va., president; Charles Daley, Jr., of Hagerstown, Md., and William Dando, Harrisburg, Pa., vice presidents; C. L. Jacobs, Waynesboro, Pa., secretary for the 30th consecutive year; and A. M. Stauble, Martinsburg, chairman.

## WINS BUCKNELL HONOR

Clifford C. Harris, 231 Hanover street, has been cited on the dean's honor list at Bucknell university for scholastic achievement during the spring term. Miss Mary H. Hunt, recorder, announced today.

He is one of 239 Bucknell men and women who attained an average of at least 85 per cent. Mr. Harris, a junior, is enrolled in the commerce and finance course. He is the son of Mrs. J. C. Harris.

**PHILLY PACEMAKERS**—Among the players helping the Philadelphia Phillies keep out of the National League cellar are, left to right, Ron Northey, right fielder; Skeeter Newsome, shortstop; Emil Verban, second base, and Jim Tabor, third base. They look out of their dugout before a night game at Ebbets Field, Brooklyn, with the Dodgers.

## Eastern League

(By The Associated Press)  
The Hartford Chiefs remained in the thick of the three-day scrap for an Eastern league playoff position today on the strength of a pair of shutout victories over last-place Binghamton.

The Chiefs, in fourth place behind Wilkes-Barre by a game and ahead of Elmira by three, blanked Binghamton 8-0 and 4-0.

Wilkes-Barre took a 4 to 3 decision from Elmira and Albany tightened its grip on second place by capturing a hard-fought doubleheader from Utica, 8-7 and 3-2.

The front-running Scranton Miners, leading the loop by 16 games and just assured of the pennant, walloped the Williamsport Grays, 10 to 1.

## PEACE TALKS IN CHINA GO ON WITH WAR

Nanking, Aug. 22 (P)—Two Chinese communist leaders discussed the issue of peace for China today with the U. S. Ambassador amid a tumult of civil war rumors, including a charge the communists had resorted to poison gas.

The wholly unsupported allegation came from the pro-government newspaper Ta Kung Pao of Tientsin, which asserted the communists had used it in their siege of Tatung, coal and rail center more than 150 miles west of Peiping.

U. S. Ambassador John Leighton Stuart met for two hours with Gen. Chou En-Lai, chief communist negotiator, and Wang Ping-Nan, communist spokesman.

**Communist Position**  
"This indicates," Wang told the Associated Press later, "that the communists have not ceased talks aimed at a peaceful settlement. It shows the communists do not desire the overthrow of the government and have not declared war."

At a second meeting, General Marshall, special U. S. envoy, conferred with the two top-ranking United States commanders in China—Lt. Gen. Alvan C. Gillem, Jr., army chief, and Adm. Charles M. Cooke, Jr., commander of the U. S. Seventh Fleet now operating in Chinese waters.

It was presumed they discussed the whole tense Chinese situation and the position of U. S. Marines in North China.

## Blind Man And His Dog Are 'Missing'

Philadelphia, Aug. 22 (P)—A 30-year-old blind man and his dog are missing.

Eddie Piccolo and "Vic" disappeared from their west Philadelphia home three days ago shortly after his wife, Ida—also blind—and two-year-old daughter, Tanya, went on an outing.

## Premature Child Is Born In Phila. Store

Philadelphia, Aug. 22 (P)—Ronald Paczynski, 6½ pounds, arrived one month too soon—and right in the middle of a downtown Philadelphia department store.

The store caught his mother, Mrs. Hermina Paczynski, by surprise. She had gone downtown to pay a bill.

The "special event" took place in the Strawbridge and Clothier infirmary where Dr. Rachel Williams reported it was the first birth in the store and "I've been here for 28 years."

Ronald is going to get a complete layette—a gift by the store to its unexpected godchild.

## Abbottstown

Abbottstown—Stuart Wagner and wife have purchased the former Henry Kinneman property in town and will take possession as soon as the present tenant, Mr. Hoffman, is able to find a place to move.

Mr. and Mrs. Wilbur Haines and Mr. and Mrs. John Haines spent the past week camping in the northern part of the state.

The Boy Scouts and Girl Scouts will hold a picnic at Camp Earnest on Sunday, August 25. Supper will be served by the Scout leaders. All Scouts are urged to attend.

On Sunday, August 25, there will be no church services in the Reformed church; Sunday school will be held at the usual time.

## TRAVEL

There are hundreds of places one can travel to—in just about as many directions—but after you've been there, looked at what there is to see—and then returned home—it's always home that's been the place traveled to. Your own bed, and bath, your toast just to the right brown—your peace of mind alone is worth the trip back and then telling your friends what you saw—that's worth something.

**TWENTY YEARS AGO**  
**Catholic Bishops Lay Cornerstone at Littlestown:** With all the pomp and ceremony the Catholic church directs for such occasions, the cornerstone of a new parochial school for St. Aloysius parish, Littlestown, was laid Sunday, with two bishops and a dozen priests participating and in view of more than 500 persons.

Two of the bishops, who wielded a tiny trowel, came from dioceses more than 8,000 miles apart. They were the Rt. Rev. Hugh MacSherry, bishop of Cape Town, South Africa, and the Rt. Rev. Philip R. McDewitt, bishop of Harrisburg.

**Couple Married at Biglerville:** Miss Madeline Lightner, daughter of Mr. and Mrs. Maurice Lightner, of Iron Springs R. D., and Emory Baker, son of Mr. and Mrs. John Baker, Iron Springs, were united in marriage on Saturday at the parsonage of the United Brethren church, Biglerville, by the Rev. Charles M. Ankerbrand.

The couple immediately went to their home on the Stoop farm, near Fairfield, where the groom is employed.

**Attends Highway Opening in South:** Henry M. Scharf, manager of Hotel Gettysburg, left Thursday for Asheville, North Carolina, to attend the formal opening of a new hard-surfaced highway from Asheville to the south.

**Dr. Aberly Preaches:** The Rev. Dr. John Aberly, newly-elected president of the Theological seminary, delivered his first sermon since his arrival in Gettysburg, on Sunday morning, when he filled the pulpit at the Methodist Episcopal church.

**Pretty Wedding Is Solemnized at Major Home:** A beautiful mid-summer wedding took place at the home of Mr. and Mrs. Robert K. Major, Harrisburg road, Wednesday afternoon at 4:30 o'clock when their daughter, Miss Martha Jane, was united in marriage to Lyman Hutchinsin Hammond, of Crafton. The ceremony was performed by Rev. William Childs Robinson, pastor of the Presbyterian church, the ring ceremony being used.

**Mrs. Keith and Daughter Return:** Mrs. John D. Keith and daughter, Miss Nancy, returned to Gettysburg Monday evening following their arrival in New York city aboard the steamer Minnekahda from Boulogne, France. They visited friends in London and the north of England. Afterward they toured France and Belgium, spending ten days in Paris before sailing home.

**Colored People Greeted by Rain:** Two o'clock and a downpour of rain greeted 328 colored people who came to Gettysburg from Baltimore Monday on a special excursion.

A special band accompanied the Baltimoreans to Gettysburg. Taxis took most of the colored visitors to Round Top. The excursion left for Baltimore at 6 o'clock.

**Skeeters "from Tiber" River Feast on Nearby Residents:** The "river" Tiber may be all right for draining parts of the northern section of town, and a few buildings bordering its winding course, but to the residents who live along its banks, it is an excellent hatchery for mosquitos.

With the recent damp weather, the "pesky critters" have been carrying on an aggressive campaign against the occupants of houses within a block of their breeding grounds and their strength in numbers almost renders their human enemy hors de combat, for as soon as a breach is made in their ranks, volunteers are always on hand to answer their "buzzing battle cry."

**Meeting Is Called for Charter Members of New Motor Club:** A meeting of the charter members of the Gettysburg Motor club of Adams county has been called for Monday noon by the temporary president of the club, Robert C. Miller. The meet-

**Today's Talk**

**THE TOLERANT MIND**  
Intolerance is one of the great curses of this world. It is food for wars, broken friendships, unhappy homes, and plays havoc wherever it exercises its destructive spirit. There must have been a sound and solid reason why the Creator made so many different kinds of people, scattered them about the earth, and put them to work.

The very fact that we all have a mind that is flexible, yet with the privilege to use it as an independent medium, should make us proud to own it, and happy that others have been granted the same gift.

We must bear in mind that there are grades of intelligence, and from early birth tendencies are created which shape character. The poor do not have the ideals of the rich, nor do the educated become satisfied to stay upon one strata of mind development. Millions of people go so far, and are content to go no further. They establish a level and camp there! But they are human beings, deserving of the fruits of their own opinions and birthright.

None of our experiences are the same. We are all enveloped by influences. Each one of us has something in common with all humanity. Our tastes differ, our opinions and our ideals, but everyone has something for his fellowman, the same as his fellowman has something for him. Happiness should be universal, though of course, it cannot be distributed equally to all — but the opportunity for it can be.

Every observance teaches us, as well as all the development of civilization, that we should seek earnestly to cultivate a tolerant mind, respecting the opinions, the circumstances of birth, and the hardships endured by others, as a guide to our appraisalment of them.

We are born with a free will, and it can be exercised in a free country. But there is no room anywhere for intolerance in a right world, and it's a right and better world in which we are all interested.

Intolerance is mostly misunderstanding. We should transplant something of ourselves in others, that we might praise more, and judge less, thereby cultivating an ever-abiding tolerant mind.

Tomorrow Mr. Adams will talk on the subject: "Freedom From Anxiety."

Stallsmith broke 24 out of 25 targets to win the handicap event of the Susquehanna League shoot, which was held over the traps of the Pennsylvania Railroad in Harrisburg Wednesday. The fact that the weather conditions were so bad that all of the scores turned in during the day were lower than the general average makes the feat of the local marksman all the more spectacular. Stallsmith shot from the 18-yard mark.

**PRICES ON COAL AND ORANGES TO GO UP FRIDAY**

By MARVIN L. ARROWSMITH  
Washington, Aug. 22 (AP)—The cost of coal and oranges is going up, but lower meat prices will go into effect September 9.

Naming the date when retail meat ceilings are to apply again, OPA Chief Paul Porter also pledged an all-out drive against black markets.

As this campaign developed, OPA authorized a price boost of 30 cents a ton for hard coal and for coke, and an increase of 18 cents a ton for soft coal.

These retail price hikes, effective tomorrow, are required by the new price control law, OPA said.

**Cut Meat Advances**  
On oranges, maximum prices in retail stores will climb about a half a cent as soon as grocers receive supplies at higher prices authorized for producers.

But even while the parade of price increases continued, OPA went ahead with an assignment it rarely handles any more—a price cut.

Porter reaffirmed at a news conference that the new meat ceilings which the price decontrol board ordered restored will be at or near June 30 figures. In ordering them back, the board said meat prices had climbed from 20 to 80 per cent after controls lapsed June 30.

Porter also announced a price increase of seven cents a hundred pounds for flour, effective Friday, to offset higher parity prices for wheat, which remains ceiling-free along with all other major grains.

**To Make Recontrol Work**  
This price hike is expected to raise retail flour ceilings about one cent on a 10-pound sack, on top of a cent a pound increase allowed early this month.

However, Porter said that bread prices, raised a cent a loaf Aug. 2, will be cut by the same amount when the agriculture department lifts restrictions on the milling of wheat, perhaps this fall.

As for enforcement of meat ceilings, Porter said OPA plans to "throw the book" at black marketers.

"There is no substantial basis," he declared, "for reports that we are going back to widespread black markets."

"I hope packers will devote a substantial part of their energy to making recontrol work—at least as

**Negotiations Go On In Bakery Strike**

Philadelphia, Aug. 22 (AP)—Union and management representatives, aided by three U. S. Department of Labor conciliators, continue negotiations today in an effort to end Philadelphia's 13-day-old bread strike.

Common pleas Judge Joseph Sloane declined to make any ruling on an injunction sought by eight struck bakery firms which would order 1,883 members of local 6, bakery and confectionery workers (AFL) back to work.

The firms—five in Philadelphia and three in Norristown, Pa.—claim the strike is illegal. The union denies the charge and asks dismissal of injunction proceedings.

The union seeks a 20 cent an hour wage increase. Management has offered 16 cents.

The strike has cut off two-thirds of the Philadelphia area's normal daily supply of 1,500,000 loaves of bread.

**Race To Organize 'White Collar' Men**

Pittsburgh, Aug. 22 (AP)—The National federation of salaried unions yesterday distributed leaflets announcing a campaign to organize "white collar" workers in Pittsburgh.

The national federation was organized two years ago.

**WINE, DINE AND EAT GROUNDHOG**

Punxsutawney, Pa., Aug. 22 (AP)—Br'er Wejack was not only the honored guest but also the main course as members of the 50-year-old Punxsutawney groundhog club resumed their annual picnic yesterday after a five-year patriotic lapse. Nearly everybody in Punxsutawney (Pop. 9,482) was there.

Celebrators, some 250 strong, staged a ceremonial march to Glade park, where a lone groundhog was known to have his burrow, dug him out, grabbed him by the tail and bore him in triumph to Mapleview park, where he was wine and dined. Honor of carrying Br'er Wejack in the triumphal procession went to Albert Phillips, who has taken part in the ceremony 45 times.

Afterward, Mr. Groundhog was returned to his burrow to sleep it off until next Feb. 2, when other festivities are planned.

About 250 other groundhogs also participated in the day's events.

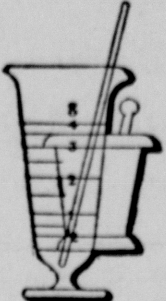

They were cooked and eaten, along with 300 young chickens, 250 dozen ears of corn, a reported ton and a half of cold cuts, and other assorted foodstuffs.

Guests were present from distant points, included Charles H. Cooper of Quito, Ecuador, and Paul V. Phillips of Panama City, Panama. It was Phillips' first visit home in 28 years.

Prominent in the day's proceedings were Dr. A. F. Lorenzo, president of the club; Ray E. Shirley, secretary, and Jay Freas, Robert Philliber and Ray Bowers, directors.

Thomas Gainsborough painted his famous "Blue Boy" to disprove a statement that blue should not be massed in a painting.

**BETTER HEALTH FOR BETTER LIVING**

● The last three decades have brought many changes in matters pertaining to health. The normal span of life has been increased materially. Consider diabetes, for example. Diabetes was first recognized about the time of Moses, or 200 years before the birth of King Tut. Yet, it was not until 1922 that a specific remedy was discovered. Today, through the use of Insulin and a balanced diet, the diabetic can reasonably expect to live about as long as anybody. Your physician will promptly recognize the symptoms of diabetes. He knows all about the treatment. And remember this, all advertised cures for diabetes are questionable. Don't be victimized by the swindlers.

# BIGGEST CLASH AMONG POWERS ON DARDANELLES

By GLENN BAER  
(AP Foreign Affairs Analyst)

All the noisy acrimony of the Paris peace conference thus far has been concerned with trifles compared with a clash of wills between the Western powers and Russia which has been going on in the classical manner of diplomacy, behind the closed doors of foreign offices. The great powers are locked in a test of strength and nerves over one of the oldest issues of world politics, the Straits question, or, to use the popular name, the Dardanelles.

Since this involves one of the primary elements of world mastery and strategy, since it touches on one of the most cherished ambitions of the Russian state for three and a half centuries and since it may determine control of the vital Middle East, there is a grimness about this clash beyond anything yet developed at Paris.

The other powers involved have been pulling and hauling at the Straits question at least since the beginning of the nineteenth century, some of them longer. But now for the first time the United States has declared itself in on the game. Nothing in the postwar period has shown so significantly how far the United States has moved from the policies that guided its international conduct during the period between the first and second World Wars or so definitely emphasized the conviction of the American government that this country can not remain aloof from any contest involving a shift in world forces.

The issue is this: Russia has

served demands on Turkey, the guardian of the Straits—besides the Dardanelles these include the Bosphorus and the Sea of Marmara—which neither Turkey nor the Western powers find acceptable. These are, first, that the Black Sea powers alone take over control of the Straits and, second, that Russia and Turkey jointly assume their defense.

The Black Sea powers are Bulgaria, Romania, Russia and Turkey. Since the first two are now firmly in the Russian orbit and seem destined to remain there, Turkey would become a permanent minority of one in any Dardanelles councils. And the second demand would mean that Russia would move in alongside Turkey in military occupation of the shores of the Straits. The junior partner in such an arrangement would have little chance to hold his own.

Acceptance of these terms would mean fulfillment of a dream which Russian rulers have held since Peter the Great three and a half centuries ago determined to break through the bonds of land and ice that held Russia away from unhindered access to the seven seas. Never perhaps in all history of the glacier-like spread of Russian territories toward the warm waters has any of Peter's successors looked upon a prospect so inviting as that spread before Stalin.

## BOY DIES OF POLIO

Somerset, Pa., Aug. 22 (AP)—Infantile paralysis caused the death of John Sylvester Vogel, 15, of Somerset, yesterday in a Johnstown hospital. Somerset County Medical Examiner J. M. James reported. He said the boy had been ill four days. Two other cases of the disease, neither fatal, have been reported in the county this year.

# K. OF P. SELECT ALTOONA FOR '47

Harrisburg, Aug. 22 (AP)—The Knights of Pythias and the Pythian Sisters will hold their 1947 convention at Altoona on a date satisfactory to the hotelmen of that city.

The convention city was picked following the annual election of the group. Fred Rhodes of Philadelphia was named as grand chancellor, with Gertrude Kinzer, of New Castle, elected as grand chief.

Other officers named by the Knights were:

Seely F. Chapman, Erie, grand vice chancellor; Howard Rectanus, Pittsburgh, grand prelate; Harvey F. Trumbore, Bethlehem, grand keeper of records; Henry Fox, Johnstown, grand master of exchequer; George S. Ruch, Greensburg, grand master of arms; Robert H. Culey, Hickory, grand inner guard; Edward Stull, Leechburg, grand outer guard; Israel Levy, Pittsburgh, and P. H. Arter, Duncannon, supreme representatives; Charles F. Kidd, York, grand trustee for two years, and William R. McCauley, Sharon, grand trustee for three years.

The Pythian Sisters elected the following to office:

Rena Dissinger, Marysville, past grand chief; Helen Brendle, Littlestown, grand senior; Minnie Richards, McKeesport, grand junior; Edith McCauley, Philadelphia, grand mistress of records; Clara Mason, Philadelphia, grand manager; Jennie Reagle, New Castle, grand mistress of finance; Berti Runkel, Harrisburg, grand protector; Leida Kimberland, Burgettstown, grand guard; Emma Good, York, home board; Elizabeth Jones, Shenandoah, trustee for three years; Florence Rasan, Pittsburgh, trustee for two

# Man's Body Found; Died Of Head Wounds

Altoona, Pa., Aug. 22 (AP)—A man identified by police as David C. McMahon, between 65 and 70, formerly of Petersburg, Pa., was found dead, probably slain, in a supposedly empty shanty, in East Altoona last night.

Dr. Daniel Replogle, Blair county coroner, said the man had suffered a three-inch gash on the head, apparently inflicted by a blunt instrument, and that he likely died of cerebral hemorrhage. He said death occurred about six hours before.

The body was found by Albert and Anthony Amato, brothers, who were peering in the windows of a row of abandoned shanties, formerly used to house Mexican workers of the Pennsylvania railroad. State policeman Robert Smith said McMahon had \$275 in postal orders and \$8 in cash on his person and that apparently the body had not been searched. Papers indicated he was employed by the Pennsylvania railroad. A letter signed "sister" bore the return address of Mrs. Elizabeth Keller, Petersburg R. D. 1.

# TO OPEN MORE HEART CLINICS

Harrisburg, Aug. 22 (AP)—The state health department, disclosing that approximately 500 patients with rheumatic fever or rheumatic heart disease had been found at Erie and Williamsport, plans to open two additional rheumatic heart clinics at Altoona and Harrisburg early in September.

The Altoona clinic will be held in Mercy hospital under the direction of Dr. Wakefield E. Stitzel, Altoona. The one here will be held in Harrisburg Polyclinic hospital with Dr. Allen W. Cowley, Harrisburg, in charge.

Health Secretary Harry W. Weest stepping up the department's statewide program said other clinics would be established in strategic areas of the state as rapidly as possible, with each clinic to be directed locally by a leader in the field of pediatrics or in the field of cardiology.

Their purpose, he said, will be to locate and register patients who have rheumatic fever or rheumatic heart disease and to prepare an organized plan for diagnosis and

# Wins Clay Target Title Second Time

Vandalia, O., Aug. 22 (AP)—Walter Beaver, Conshohocken, Pa., and a former Grand American Trap Shoot champion, is the new North American amateur clay target titleholder.

He defeated two other former grand winners and a newcomer to trapshooting ranks.

Dr. Weest said the 250 patients found in each of the rheumatic clinics at Erie and Williamsport the past six months were being registered and examined as rapidly as sound medical practice would allow.

MORE WAR IN PROSPECT FOR MANCHURIA

By GLENN BABE (AP Foreign Affairs Analyst)

A resumption of full-scale warfare appears imminent in Manchuria, that unhappy cockpit of the Orient. The Chinese Communists hold most of the country and appear determined to stay. The Nationalists, thus far held to the railways and cities of the southern tip, show equal determination to regain this rich territory, withheld from them by a succession of invaders for the last 15 years. Manchuria is the prize most worth fighting for in eastern Asia, despite the dismantling by the Russians of the best part of the great military industrial plant built up there by the Japanese.

Few parts of the world have seen more of war and its resultant misery for the civilian population than Manchuria since the beginning of the century. There the Russians fought the Japanese, Japanese fought Chinese, Chinese fought one another in a series of civil wars of which that now in progress promises to be the bitterest. More years of misery for the patient peasants who make up nearly all of its 38,000,000 population are in prospect.

Determined To Stay

Unless some near miracle halts China's civil strife it is logical that Manchuria should be the main battlefield. The fortunes of war in the last days of Japan's imperialist adventure opened it to the Communist armies, who came in from the west while the Russians from the north were scoring their one-week victory over the crumbling pride of Japan's war machine, the Kwantung army. Whether they received Russian aid or not—a point in dispute—the fact remains that when the Red Army was withdrawn to Siberia circumstances were such that the Communists remained in possession, in stronger force and with better arms and equipment than anywhere else in China.

Now, as proof of their determination to remain, the Communists have announced from their present capital in Yenan the establishment of their own government of Manchuria. Every consideration dictates that the Chinese Communists should fight to the last to hold Manchuria and strive to make it the foundation of a Chinese Communist state. There, with Communist Russia at their backs, they might have some chance to found a state of their own.

Strikers Resume Picketing Today

Duluth, Minn., Aug. 22 (P)—Striking CIO National Maritime union pickets resumed their lines here today after yesterday's clash with police which ended with a score of strikers injured.

Police Captain Roy Erlandson said the disorder began when pickets shouted at a car which sought to pass through the picket lines. Erlandson said the auto started forward after he had questioned the driver and the pickets closed in.

Police swung their clubs as fighting developed and seven men were booked on disorderly conduct charges, Erlandson reported. The melee occurred at the entrance to the Duluth, Missabe and Iron Range railroad's ore docks. The men were later released and no charges will be made, police said.

Police Chief Oscar Brewer said only ten strikers were hurt, but union men placed the figure at 20, according to Robert Hawks, NLU port agent, who called the incident an "unprovoked and brutal attack."

National Guard To Be Discussed

Harrisburg, Aug. 22 (P)—The post-war Pennsylvania National Guard will be discussed here Aug. 28 in a meeting of commanding officers of all state regiments, battalions, and companies and Major Gen. E. J. Stackpole and his senior staff officers.

Gen. Stackpole, commanding officer of the state guard, said discussions would center on the progress of reorganization, plans for a larger field conference at Indiantown Gap Sept. 14-15, and problems relating to federal recognition of officers and units as a part of the national guard of the United States.

CHIMPANZEES 'GUINEA PIGS' IN POLIO TESTS

Baltimore, Aug. 22 (P)—A vaccine against poliomyelitis may one of these days be found at the Johns Hopkins hospital and, if so, a group of chimpanzees, serving as guinea pigs, will share in the credit.

Year-long experiments on six chimps were disclosed today. Definitive results are not expected for another 12 or 14 months, but Dr. Howard A. Howe said the experiments thus far tend to establish that chimpanzees once infected with the crippling disease are resistant to it the second time.

He declined to give particulars of his findings until further studies are made—and they are now at a temporary standstill. The six original chimps are so immune they no longer are useful research subjects.

Need New Set

Dr. Howe and his associates are waiting for a new set after taking time out to find a "suitable" home for one chimp to which they had become particularly attached during the year of experiments. The others were turned over to an animal dealer for sale to zoos.

"The chimpanzees were exposed many times to the poliomyelitis virus," Dr. Howe reported. "Although none were paralyzed at any time, all became temporary carriers."

"They remained carriers through the normal polio period of two or three weeks. After recovering, most of them were resistant to carrying polio the second time."

Dr. Howe explained most persons contracting polio are not paralyzed but are temporary carriers through the alimentary tract. Many, he said, have symptoms of polio but none of the after effects.

Seeks Apartment For His Bride of 74 Years

Philadelphia, Aug. 22 (P)—A 24-year-old navy lieutenant went apartment-hunting today, hopeful he'd find a home before his bride of 12 days, a woman her friends says is 74, arrives here.

Lt. (jg.) John R. Pochron, of Masontown, Pa., didn't confirm or deny his wife was 74.

"The marriage license said 45," he told newsmen. "I never asked her how old she was. I never thought it made any difference."

The bride—Pochron says he knew her for more than five years—is a widow of a southwestern Pennsylvania mining engineer and a resident of Dry Tavern, Pa., (population 100).

The groom is stationed at the Philadelphia Navy yard.

EX-NAVY ACE LOSES SUIT IN \$8,800 ACTION

San Diego, Calif., Aug. 22 (P)—Lt. Col. Gregory "Pappy" Boyington salvaged his Navy Cross and a suitcase of clothes today out of his romance with Mrs. Lucy Malcolmson and wondered out loud who was going to pay the income tax on \$8,800 he didn't get back.

The auburn haired wife of an Australian businessman was cleared yesterday of Boyington's charges that she had embezzled the money.

Afterward she sent him the Navy Cross and clothing by her attorney. "Is this all I get out of it?" asked the 32-year-old Marine fighter pilot. "Who is going to pay the income tax?"

The charges were dismissed by Municipal Judge Eugene Daney, Jr., following two days preliminary hearing.

"I Had the Receipts"

Boyington had Mrs. Malcolmson arrested several months ago, charging she wrongfully appropriated \$8,800 of nearly \$20,000 he had entrusted to her while he was overseas. She maintained she had spent more than the \$8,800 in traveling and other expenses authorized by Boyington in connection with their marriage plans.

"The marriage didn't come off. Boyington married his present wife, Frances Baker, Hollywood actress, on the day Mrs. Malcolmson said she was to have received her Reno, Nev., divorce. She said she dropped her divorce action then."

"I'm very relieved it is all over," she told newsmen after the hearing. "Thank God I had those receipts."

"Congratulations," Boyington muttered, as she passed the council table where he and his wife were sitting.

"I hope you enjoy the money," Miss Baker chimed in.

Mother Beats Men Who Attacked Girl

Camden, N. J., Aug. 22 (P)—The mother of a girl who said she was attacked by two Camden men tried to beat the accused in the Camden Detective bureau and then fainted as detectives restrained her.

Shouting "you dirty pigs," Mrs. Constantine Di Francesco started flailing at the two with her fists and pocketbook and scratching at them with her fingernails.

She had gone to the bureau yesterday with her daughter, Rose, 21, who swore out an affidavit accusing Anthony Boudinoff, 36, and William Antonik, 26, of attacking her.

Oldtimers Gather For 40th Reunion

New Castle, Pa., Aug. 22 (P)—An estimated 1,800 oldtime residents of New Castle, many of them now living in Allegheny county, Beaver Falls, and Aliquippa, gathered in Cascade park yesterday for the town's 40th annual Old Timers' reunion.

Prominent business men first started the event for persons whose families had been in the city since pre-Civil War days. Now, however, it is open to all of those who can go back far enough to reminisce about "the good old days."

Bomber Rushes Babe To Phila. Hospital

Philadelphia, Aug. 22 (P)—The six-month-old son of an army pilot who swallowed an open safety pin was brought here for treatment early today in a B-25 light bomber. X-rays at Temple university hospital disclosed the pin was in the stomach of David Chapman, of Sumter, Ga. He will be admitted to the hospital's Chevalier Jackson bronchoscopic clinic for removal of the pin.

David was accompanied on the flight from Augusta, Ga., by his mother, Helen. His father, Norman, is stationed at Shaw Field S. C.

The flight for treatment in Philadelphia was decided upon after efforts to remove the pin at a Sumter hospital were fruitless.

Negro Shriners Ask Bilbo's Impeachment

Philadelphia, Aug. 22 (P)—Impeachment of U. S. Senator Theodore G. Bilbo (D-Miss.), passage of federal anti-lynch laws and the sending of G.I.'s to Mississippi and Georgia "to preserve peace on the home front" is demanded by Negro Shriners in convention here.

Approximately 6,000 members of the Ancient Egyptian Arabic Order of the Mystic Shrine signed a petition urging President Truman to call a special session of Congress to carry out the demands.

The petition was turned over to Edgar G. Brown, director of the National Negro Congress. He told the convention a million signatures—one for every Negro who served in the armed forces in World War II—must be obtained before similar petitions, already signed by 300,000 are presented to the President.

employees before the end of 1946, when the current budget expires, would be illegal. A month ago 34 city workers filed a petition, asking a pay raise by August 1.

## CHILD'S DEATH WAS 'MURDER' WAC CAPTAIN FACES COURT

Huntingdon, Pa., Aug. 22 (AP)—District Attorney I. Newton Taylor today described as "a clear case of murder" the strangulation death of two-year-old Barbara Jane Plank as she slept in a crib in her home at nearby Rock Hill Furnace.

A woman's black glove was crammed into the baby's mouth with sufficient force to tear the tissues of the tongue, Taylor reported, adding that eliminated the possibility of accidental death.

Taylor said that a three-state alarm has been sounded for whereabouts of the child's mother, Mrs. Frances Mae Green Plank. Taylor said he wishes to question her about the case.

A housekeeper found the body in the crib when she went to awaken Barbara Jane for a meal yesterday.

Taylor said James Forest Plank, the 36-year-old father who is employed as a trucker at a nearby paper mill, told him he employed the housekeeper after his 28-year-old wife left him and their five children five weeks ago.

Frankfurt, Germany, Aug. 22 (AP)—A stern-faced court martial arraigned WAC Capt. Kathleen B. Nash Durant today in the \$1,500,000 theft of the Hesse family jewels from Kronberg castle.

The 43-year-old Phoenix, Ariz., woman is accused of larceny, embezzlement and conspiracy.

Her lawyer, Lt. Col. John S. Dwinell, told the court Mrs. Durant had asked and been denied permission to make her detained husband, Col. Jack W. Durant, her special defense counsel.

Durant, 36, who married the defendant shortly before the bulk of the jewels was discovered in the United States, is awaiting trial in the same case, but has not been formally charged.

Mrs. Durant, the former army manager of Kronberg castle, whence the dazzling collection of jewels was stolen last November, sat with her lawyer through the preliminary legal skirmishes. She looked white and drawn. All the insignia and decoration had been removed from her WAC uniform.

## Expect To Enroll 15,000 Veterans

Harrisburg, Aug. 22 (AP)—State education officials handling establishment of GI college centers in Pennsylvania expect to enroll 15,000 students and be ready for operations by October 15.

Dr. Robert M. Steele, state coordinator of the emergency program being set up in the State Department of Public Instruction made that report at a meeting yesterday of area coordinators.

The college centers in various sections of the state were ordered established because thousands of GI's and other students were unable to gain admission to institutions of higher learning because of crowded conditions.

## U.N. COUNCIL MAY SOON FACE FIRST BIG TEST

By CHARLES A. GRUMICH

New York, Aug. 22 (AP)—The United States ultimatum to Yugoslavia threatens to confront the United Nations Security Council with a problem which could bring the whole peace organization to a bitter showdown which may hinge upon the Big Five veto power.

Council delegations were cautious today in speculating on what might happen if the Yugoslav government ignored the American demand for release of airmen held prisoner by the Tito government following the shooting down of unarmed U. S. transport planes.

However, it was conceded that the American threat to appeal to the Security Council should Yugoslavia fail to comply would give the Council its supreme test of authority to settle disputes peacefully.

First Such Emergency

Up to now the Council never has been faced with such an emergency as might be brought before it were the Yugoslavs, stiffened by Russian backing, to ignore or reject the American ultimatum.

In the absence of any indication from the State Department as to how the Yugoslav issue might be submitted to the Council, one authoritative source expressed the belief the American delegation would cite articles 34 and 35 under chapter VI in the U. N. charter.

These provide that any member may ask the Security Council to "investigate any dispute, or any situation which might lead to international friction or give rise to a dispute, in order to determine whether the continuance of the dispute or situation is likely to endanger the maintenance of international peace and security."

Council members had expected to meet early next week in the normal course of events. They had their last open session 15 days ago and a closed meeting last Friday.

## FIRST WOMAN ON STAFF

Meadville, Pa., Aug. 22 (AP)—Allegheny college announced appointment yesterday of two new instructors, William U. Hodgson, formerly of Glassport, Pa., to the biology department and Miss Lucille Garber of Ashland, O., who is the first woman ever named to this 131-year-old school's economics staff.

## HOSPITAL FALL FATAL

Philadelphia, Aug. 22 (AP)—Marine Master Sergeant Gerald Woolf, who survived the Guadalcanal and Okinawa campaigns and was being treated at the Naval hospital for battle injuries, fell down the stairs of his house today and died a few minutes later in a navy ambulance.

## DICKER FOR PLANT

Pittsburgh, Aug. 22 (AP)—Vice President T. I. Phillips of the Westinghouse Electric Corporation, said today negotiations are under way for acquisition of the former Curtiss Wright Corporation plant in Vanport, Beaver county, Pa. Phillips asserted a bid for the property has been submitted to the Reconstruction Finance Corporation through the war assets administration, but that the company had no indication as to whether it would be accepted.

### DUQUESNE CO. STRIKE NEARS

Pittsburgh, Aug. 22 (AP)—With a power strike threatened in less than ten days, Duquesne Light company and union representatives have adjourned contract negotiations until Monday without making any reported progress toward a settlement of wage and other differences.

The strike notice filed by the Independent Association of Employees of Duquesne Light and Affiliated Companies expires August 31. George L. Mueller, president of the union, has warned that a walkout may come any time after that date. "We're still at sea with no port in sight," said Mueller. "So far there has been not one bit of progress."

The union seeks a raise of approximately 20 per cent and has asked a master contract for all the affiliated companies to replace the nine contracts under which relations are now conducted. The company has resisted both demands.

Nearly 3,500 employees would be affected by the walkout to say nothing of several hundred thousand citizens in the Pittsburgh area. A 19-hour workout of the same group last February shut down mills, stores and office buildings and darkened homes and streets throughout the district. Mayor David L. Lawrence, under whose aegis the present negotiations are being held, recently told both sides, "the public will not again tolerate such a strike."

### MILESTONE

IN RURAL TELEPHONE DEVELOPMENT

Since V-J Day we have installed 5,900 telephones in farm and rural areas in Maryland—4,000 of these since January 1. We plan to install 2,500 more rural telephones in Maryland by the end of this year.

Our program does not end this year nor does an increasing number of telephones comprise all activities planned. While telephone service continues to be extended into new rural areas, improvements will be made, as equipment becomes available, to service in areas now served. There will be a general reduction in the number of parties on rural lines and in some places modern dial systems will be installed.

It is our aim to provide better telephone service to more rural families in Maryland than ever before.

## Chapter 2

All of Bradford knows of Lillie O'Dell. There are some who know her well enough to say, "Hi-ya, Lillie," and get a wave of the hand in reply, and others who know her in what you might call a business way. Then there are the politicians who are apt to drop in and discuss the city and county ticket, and even the state ticket, with Lillie, and the policemen who know that Lillie O'Dell is good for any collection they might be taking up.

There are some who look up to Lillie and say, "She's a wonderful character. Heart's as big as a buck-eter." And there are those, mostly women, who seeing her, maybe in the North End market, will nudge one another and say, "You've heard of Lillie O'Dell?" The other one will raise her eyebrows, "It that...?" The first one will nod and they will both stare for a moment, and then when Lillie O'Dell turns quickly or looks up, go back to squeezing melons or snapping string beans, leaving a small ripple of curiosity in the air.

But there aren't a half dozen people in Bradford City who remember that Lillie O'Dell was a Posey and that there were three Posey sisters, or even that there were two. Even Juteville, across the river, where they were born, has forgotten the Posey girls.

If you should say to Lillie O'Dell, "Lillie, Rose and Violet?" and raise

your eyebrows, she would say, "I think Mom did it just to get back at Pop for naming me Lillie for Lillie Langtry. Calling Rose and Violet, Rose and Violet, I mean. He wanted to name me all of it. Jersey Lily Posey," but Mom held out, thank God."

If she should be in a rare confidential, and at the same time, sentimental mood, she will say, "I don't know whether there is anything in a name or not but just take us Posey girls. Here I am, Lillie. And I grew up to be tall and slender and blonde, although maybe I'm not exactly a lily. Don't get me wrong. I'm a decent, respectable, hard-working woman, as anyone will tell you, but no lily. But I grew up tall and thin and blonde. But Rose, Rose marries that Bailey man and has all those kids and gets stout and red-faced until she is just big and blowzy like a cabbage rose with a lot of kids clinging to her skirts like a lot of buds on one stem. Then I guess you know with a name like Posey and three sisters from a flower garden, Bill got nicknamed Sweet William and Henry was always Proud Henry."

Lillie stops at this point and sighs. Then she goes on, "And Bill was always sweet and Henry proud, just like their names. Henry was too proud to stay around Juteville or even Bradford. Him and Violet were different." Lillie's face softens and she repeats, "Violet was always

different. Just like her name. Small and dewy-eyed and gentle. Now me, I'm a go-getter. I wouldn't be sitting where I am if I wasn't. But not Violet. She was eager to be kind. Don't get me wrong. I'm ready to do anything for anybody any time—but I guess it was a different sort of kindness. Like being kind to dumb animals, or loving babies and wanting to touch them. Me—I haven't a bit of maternal instinct or something. But even as a little thing, Violet was different—she was a real little lady."

The Poseys lived in Juteville, and even in the 1890's when Lillie was born, Juteville was not only on the wrong side of the railroad track and the wrong side of the river, it was the wrong town. It had sprung, in the 1850's, from an ill-fated attempt to make Juteville a feed mill, but the Juteville was a feed mill and even the oldest inhabitant had lost all remembrance of the Juteville's beginning. Juteville had a few dozen houses by 1890, two grocery stores, three saloons, a church, a barber shop and a musty dry goods store run by the Dillon sisters. Its only industries were the feed mill, the worsted mill, whose beginning Juteville did remember—it had been started by August Bradford's wife's family and had made a fortune for them selling shoddy material to the Government during the Civil War—and the railroad yards where the freights came in to be shunted off to other states with much clanging of couplings and shrieking of whistles that turned Juteville into a bedlam of sound by night or day.

The Poseys were of the sober, industrious class. Jim Posey worked in the boiler room at the mill and Mamie Posey washed and cooked

and cleaned for her family that had materialized more quickly than even Juteville was accustomed to. Mamie and Jim had married in 1889 and Lillie had been born in 1890, and at yearly intervals thereafter, William, Rose and Henry followed. No one in Juteville was more surprised than Mamie that there were no more babies until Violet arrived at Christmas in 1900 and nobody more surprised that the baby was a delicate, dark child after so many lusty, fair Poseys. "She's the spit'n' image of my granmaw," Jim Posey said.

Lillie was a gangling girl of ten when Violet was born, the undisputed ruler of the Posey clan, who, knowing what was good for them, deferred to Lillie.

But the husky voice that could issue commands like a top-sergeant was muted when she would

## CRIPPLED VET IS EVICTED

Philadelphia, Aug. 22 (AP)—Crippling wounds received on Saipan didn't save a marine veteran from eviction. Joseph Pallo, 21, and five other members of his family—including an ex-G.I.—were virtually tossed out in the street yesterday.

Pallo was at work in the Veterans

Administration office here when a moving van drove up to the South Philadelphia home occupied by his family for 20 years. His father, Felix Pallo, 57, said a constable broke down the door and removed the furniture. The ex-marine said he purchased a new home for the family—with a G.I. loan—when Landlord Dominic Malogrino obtained an eviction petition last December. But the occupants of that house have been unable to find new quarters. Joseph's mother was bitter as the constable's deputies carted out her belongings. "It's a rotten deal," she sobbed. Malogrino recently purchased the house. He said he wants to occupy it. Said Daniel Calebreto, 25, ex-G.I. and Joseph's brother-in-law: "What I think you could not say in Eng-

A surprise birthday dinner was held recently at the home of Mr. and Mrs. John Warrenfeltz, Gettysburg R. D., in celebration of the birthday anniversaries during August of the following: Mrs. Warrenfeltz, Mr. and Mrs. Jack McClell, Irene and Ralph Carey, and Kenneth Warrenfeltz, and also in ob-

lish."

Joseph limped home from work after the constables left. He looked at the empty house, the broken door. "What's this all about?" he asked. "They said the veterans were going to get everything. Is that bananas?"

Temporarily the Pallo family will live with Joseph's sister.

## FREE ON \$5,000 BOND IN DEATH OF US ATTORNEY

Pittsburgh, Aug. 22 (AP)—Thomas F. Manning, 40-year-old Pittsburgh pipefitter, was free on \$5,000 bond today, awaiting a hearing on manslaughter charges in the death of Assistant U. S. Attorney George Mashank, following a scuffle in a hotel (Fort Pitt) yesterday.

The amount of Manning's bond was fixed by Common Pleas Judge John J. Kennedy.

Detective Lieutenant Peter A. Connors said Manning told him the scuffle occurred after the 47-year-old Mashank twice entered a roomful of delegates at a convention of the Ancient Order of Hibernians being held at the hotel. Manning is financial secretary of the lodge.

**Posed As Detective**  
Connors said Manning told him he "shoved" Mashank and that the prosecutor fell down. Other witnesses said the attorney was found unconscious on the floor and that he died while medical aid was being summoned.

Lieut. Connors said several witnesses gave him this version of the incident:

Mashank walked into a room, in which about a dozen men and women "delegates" were gathered, and sat down on a bed. Someone asked what he wanted and he replied:

"I'm a house detective. You'll have to keep quiet and stop making so much noise. You're disturbing other guests."

Asked for his credentials, Mashank replied he was from the FBI and couldn't show his papers, after which he was escorted from the room. A few minutes later, he returned and said he was a constable. The delegates were leaving the room and when Mashank went with them an argument started. It was during this argument that Mashank was "shoved."

Dr. William D. McClelland, Allegheny county coroner, said an autopsy showed death resulted

## Bonneauville

Bonneauville—The Misses Mary, Theresa and Anna Golden are spending two weeks in Canada where they are visiting at St. Anne's shrine, Quebec.

The banns of marriage were published Sunday in St. Joseph's church between Monroe Noble, of Hanover, and Louise Little, daughter of Mr. and Mrs. Dennis Little, Bonneauville.

About forty women and girls from St. Joseph's parish attended the pilgrimage to Mother Seton's tomb in Emmitsburg Sunday afternoon.

Mr. and Mrs. Bernard Gebhart and family, of York, and Sgt. and Mrs. Roger Gebhart and daughter, Judy, of Andrews Field, Washington, D. C., visited Mr. and Mrs. Thomas Gebhart Saturday evening.

Mr. and Mrs. Thomas Hannigan and family, of York, visited Mrs. Mary Grot on Sunday.

## Capture Man After "Amazing Escape"

Doylestown, Pa., Aug. 22 (AP)—Robert Hendrickson, 21, of Philadelphia, enjoyed only 10 hours freedom after making what was described as "the most amazing escape" from Bucks county prison.

Hendrickson, charged with car theft, broke out of a solitary confinement cell, went through a steel mesh grating and a window, wriggled his 170 pounds through a hole five-and-one-half by 13 inches, and climbed over a 10-foot barbed wire fence and a 31-foot wall.

Warden Earl D. Handy said Hendrickson was recaptured five miles from the jail. He was sitting in a parked car waiting to call on a girl friend.

tin's highway safety conference here yesterday which said:

"The maintenance of a continuous highway safety program is essentially a local problem, with coordination and assistance from the state level."

The conclave also agreed to carry to the 1947 Legislature their demands calling for periodic examinations of licensed automobile operators and stronger penalties against speeders and reckless and drunken drivers.

**Up 60 Per Cent**

These violations were described as chiefly responsible for 813 highway fatalities in Pennsylvania for the first half of 1946, a 60.6 per cent jump over the same period last year.

Action was deferred for further study on a proposal by mayor David L. Lawrence of Pittsburgh that police officers be authorized "to arrest on view" reckless or speeding drivers. The motor vehicle code now

restricts policemen to issuing only a summons for the violator's appearance in traffic court.

"Ticket-fixing" came in for severe criticism by Attorney General James H. Duff who said public opinion must be molded against this practice by "a strict, unqualified enforcement of the law under all circumstances."

Earlier, Governor Martin compared World War II battle casualties with recent traffic deaths and injured in the Keystone state and said the situation has become "worse than war."

On this keynote, the conference adopted these other resolutions urging that:

(1) Sound engineering principles and techniques "for the elimination or lessening of physical hazards."

(2) Highway safety programs be

conducted in all schools "to provide training and guidance in accident prevention for citizens at all age levels."

(3) Local school districts employ a full-time safety director "to plan and organize safety programs for the schools."

(4) The commonwealth enlarge its preventive program "by the increased use (by state police) of white or other cars that are easily distinguishable."

(5) Rural highways without sidewalks be posted warning pedestrians to walk on the side facing traffic.

(6) The state police be given the best equipment, highest type of training and an adequate force to carry on the work of the force.

**Do Your Child's Ankles Turn In?**

Pro-tek-tiv Shoes constructed on the new principle of 3rd-Dimension Fitting help to overcome the natural tendency for ankles to turn in.

In Pro-tek-tiv Shoes, the child's heel is held firmly and snugly in place. The ankle cannot wobble. The foot treads evenly and the child walks straight.

Our Shoe Experts will be glad to explain how: "3rd-Dimension Fitting Keeps Your Child Walking Straight." This new conception of properly sizing a shoe includes length, width, and height, the most important dimension of all.

LITTLE CHANCE OF MINES GOING BACK TO OWNERS

By HAROLD W. WARD  
Washington, Aug. 22 (AP)—After 12 weeks of government operation of the bituminous coal mines, one thing stands out:  
There appears to be little chance that the coal mines administration—meaning the government—can get out of the mining business for many more weeks—perhaps not before next spring.  
On the surface at least there seems to be no big hurry. Here is why:  
1. Coal is being mined as usual. In fact, production for every full week since federal seizure May 22 has been higher than it was a year ago.  
2. The miners are working under a contract containing probably the best terms they ever had.  
3. The operators, although chafing, are making about as much money as before, in most cases. OPA upped prices as a result of the new contract and demand for coal continues to be heavy.  
Owners Are Managers  
The owners have been designated as mine managers and go about their affairs just as though a four-star admiral was not sitting in Washington overseeing their business.  
Without doubt much of the smoothness with which this enforced—and emphatically temporary—"nationalization" has taken place is due to the personality and executive ability of Adm. Ben Moreell, boss of the seabees during the war and

now running the mines as coal mines administrator.  
Moreell has moved the navy in. Commanders and lieutenants have taken over whole wings of the Interior department here, with well over 100 officers and 100 enlisted personnel (including WAVES) shifting from concern over nautical matters to such things as the shortage of coal cars.  
Although admittedly not happy over the prospect, Moreell has to figure on being boss of the mines for a long while. He told this reporter he thinks government seizure is a poor substitute for collective bargaining, but he says he doesn't know what else could have been done to end the critical 59-day strike last spring.  
Due For Court Review  
Moreell has had some collective bargaining to do himself. He made the first control covering mine supervisory workers in the industry's history. But in doing so he heightened a controversy that poses one big obstacle to a quick return of the mines.  
Moreell was carrying out terms of the original strike settlement when he negotiated the supervisory pact, and so far two courts have refused to upset that agreement.  
However, the District of Columbia Court of Appeals has given high priority on its fall docket to a review of the entire issue of unionized supervisory workers.  
Here, then, is about the way the situation stacks up today:  
1. The government wants to get rid of the mines but is forced to make the best of the present situation because of what it considers the public interest.  
Hear Of New Demands  
2. The operators want their mines back but they're waiting to see (A) what relief, if any, the courts grant in stopping enforcement of the contract for supervisory workers

DECONTROL BD. FUNCTIONS UP TO JUNE 30, '47

By JAMES MARLOW  
Washington, Aug. 22 (AP)—The price decontrol board is here for a long stay.  
Its decision Tuesday night—ordering ceilings restored on meats, soybeans and cottonseed—was just the board's opening move.  
Under the law passed by Congress in July OPA will stay in business until June 30, 1947.  
Since Congress set up the 3-man decontrol board to be boss over OPA, the board, too, will have to stay in business until June 30, 1947.  
Its Next Task  
The board's next task is this: To decide whether to place ceilings on eggs, poultry, tobacco and petroleum. It's expected to do that soon.  
After that the board will settle down to the routine job of checking and double-checking on what OPA does.  
And (B) what kind of terms they can get out of John L. Lewis now.  
3. Lewis, with a government contract containing many important concessions, can afford to let things go on as they are.  
In fact, private "feelers" by the operators have led some of them to doubt that Lewis would sign the same agreement with them that he made with Secretary of the Interior J. A. Krug last May 29.  
Already some union talk is being heard of new demands, such as a 10 per cent discount on purchases at company stores and free coal for their homes.

At the same time it will have a check over the Agriculture Department.  
This is how:  
When OPA places ceilings on some non-food item—like a refrigerator—the industry which makes that product can, in time, go to OPA and ask to have the ceiling removed.  
May Hear Appeals  
In doing so, the industry will have to show, with facts and figures, why it thinks the ceiling should be removed from the product.  
If OPA says "no, the ceiling must stay," then the industry can appeal to the decontrol board.  
Then it's the job of the board to examine the claims of the industry for relief and the arguments of OPA against removing the ceiling.  
If, then, the board decides OPA was wrong and the ceiling should be removed, OPA will have to remove it.  
All of this, so far, involves appeals by industries to have OPA remove ceilings on non-food items.  
As Long As Necessary  
But when it comes to wanting ceilings removed from a farm product—which means, a food item—an industry will have to appeal to the Agriculture Department.  
'Putting control of food prices under the Agriculture Department was another part of Congress' efforts to strip OPA of its previous

REPAIR SCHOOL BUILDING AT N. O.

Workmen are completing the remodeling and repairing of the New Oxford public school building for the opening of school on Tuesday, September 3.  
The shower room has been rearranged and an additional new entrance placed on the opposite side of the stage. When finished, both the boys' and the girls' shower rooms will have two entrances, one from the athletic field and one from the gymnasium, and will be equipped with lockers, showers, and toilet facilities.  
Two classrooms are being replumbed and wired for more adequate heating and lighting. Another doorway will connect the basements of the old and the new parts of the building, making the shop and the laboratory more accessible from the south end of the building. A large lumber storage space has been made available off the shop. The workmen engaged in making these changes are being directed by Fidelis Ling.  
Ivan R. Mechtly, supervising principal, says everything will be in readiness before the opening of school to accommodate the increased enrollment due to the establishment of a junior-senior high school.

# SABOTEURS USE MINES TO BLAST BRITISH VESSEL

By EDWARD CURTIS

Jerusalem, Aug. 22 (AP)—Swimming saboteurs using Lampet mines blew a hole eight feet long and three feet wide below the water-line of the British troopship Empire Rival in Haifa Bay shortly before midnight last night, but failed to sink her, the government announced today.

The announcement came only a short time after British troops moved into the Jewish city of Tel Aviv and four other towns in Palestine in the wake of new Jewish underground threats of violence.

"Three swimmers were observed around the stern of the ship and the military guard aboard opened fire on them, though apparently without effect," the announcement said, in describing the attempt to sink the Empire Rival, which had just returned from transporting a second load of illegal Jewish refugees to Cyprus.

## No Casualties

"Approximately a half hour later two explosions took place and the after hold of the Empire Rival began to fill with water. The bulkheads which had been closed held and the next hold remained clear of water."

After an investigation by divers the 7,045-ton vessel noted into shallow water under her own power. No immigrants were aboard at the time and no casualties were reported among crew members.

Military and police sources expressed belief that the attack was staged by Hagana's Palmach, the striking force of that Jewish underground organization, and advanced the theory that it had been carried out "as a gesture to show the military it could be done."

## Haifa Harbor Under Curfew

The Haifa harbor area was under curfew from the early morning hours until 8 a. m., reportedly because of the imminent departure of another transport, the Empire Heywood, for Cyprus with a load of illegal immigrants.

The Heywood was damaged in a sabotage attempt last Saturday when two small bombs were ignited in her hold. The damage was serious enough to force her to turn back to port for repairs.

In Tel Aviv, strong forces of soldiers and police moved in shortly after midnight and all roads leading into the city were described as being jammed with military traffic.

Many Jews predicted the British would impose new curfews and

Just before the troops entered Tel Aviv the residents of the city were thrown into a state of excitement by the accidental explosion of a boiler in a mill, causing a roaring fire which continued to burn while British patrols and mobile police units drove through the streets.

Earlier a fire was caused by an anonymous telephone call to the north police station in Tel Aviv saying the building was about to be blown up. The premises were evacuated and searched for two hours but no explosives were found.

## 153-Day A-C Strike Goes On; Reject Offer

Pittsburgh, Aug. 22 (AP)—A union proposal to settle the 153-day-old Allis-Chalmers manufacturing company strike here with a 13½ cent hourly pay raise, retroactive to August 20, 1945, was rejected yesterday by the company.

After the offer was turned down, Dominic P. Dornetto, president of Local 613, CIO-United electrical, radio and machine workers, said the outlook for a quick settlement was "very black."

# Florida KKK, Still Active, Cites Bible For Principles

(Third of a Series)

By BEN PHILEGAR

Miami, Fla., Aug. 22 (AP)—The Ku Klux Klan never died in Florida. Today it is going cautiously but more or less openly about its business of enrolling "native protestant white gentiles who believe in America above all."

When the national "Invisible Empire" silently folded its regalia and suspended operations in Atlanta on April 22, 1944, Florida Klansmen took only a brief summer vacation.

On Sept. 1 of the same year the Ku Klux Klan of Florida obtained a regular business charter in the state. It contains about the same blanket authority to operate any sort of business as most regular commercial charters.

Dr. James B. Colescott, imperial wizard of the Klan at the time of its suspension, now lives in retirement in Miami. He said the Florida revival was all a great mystery to him.

"I've heard that the local Klans are active again, but I know very little about it," Colescott said. "I'm not active in the Klan any more and haven't been since the national organization suspended."

The new era of the Klan has shied away from public print. It has made no claims of membership. It has kept personalities ultra-secret. It had staged no public demonstration.

## Few Crosses Burned

Only once have fiery crosses been burned. The Dade county (Miami) sheriff's office reported that five crosses were lighted Nov. 2, 1945, in front of negro dwellings northwest of Miami. The sheriff's report said the crosses were burned by white men who were neither hooded nor masked.

On March 28, 1946, the Miami Herald declared in a front-page article that "Local bigots are busy pumping life again" into the two Miami Klans.

The John B. Gordon Klan No. 5 erected signs on highways leading into Miami welcoming prospective Klan members.

A month later the Klan issued a statement to the press under the imprint of the "Great Titan of the south province of the state of Florida." It said:

## Race Hatred Denied

"We are operating under a legal
